READERS FORUM

Is There Any Justice ?

Sir,-On 22nd Feb. 1980, I was called for an interview for the post of a Secretary for the Malleswaram Co-operative Bank, Bangalore. Accordingly, I gave my attendance along with others. But to our dismay we were orally informed that no interview would be conducted following Government's directive.

Those who had gone there for the interview demanded the Bank authorities to show us the Government directive. They denied and insulted us. I demanded that at least travelling allowance should be paid to us. This also they refused.

I met the Bank President at his residence and explained the inconvenience and expenses caused to the candidates. He too denied any payment of TA. On my insisteance, I got an acknowledgement from him that I had come to Bangalore for the interview

After my return to Mysore, I worte several letters to the Bank President and Secretary demanding reimbursement of my expenditure. I did not receive any reply. Ultimately, I sent a lawyer notice. But my claim for reimbursement was rejected. Since the Bank is in Bangalore, I had to take up legal proceedings only in Bangalore, which was difficult for me. Hence, my request to you to kindly publish this letter to enlighten the readers on how interviews are conducted in some co-operative institutions.

Under the circumstances, the Corporation elections may not take place this year, but only in 1981, by when the Corporation would have completed almost a decade without an elected body.

A separate circular cricket stadium, a College of Physical Education and other amenities which were proposed in the Rs 1.5 crore project have been dropped.

The work on the Rs 1.5-crore stadium complex, which the Chief Minister had said would start in about a week's time, began yesterday, after a lapse of exactly seven months from the date on which Sri Rao laid the foundation stone.

Deputy Commissioner S. Krishna Kumar told newsmen yesterday that two buil-dozers had started levelling the ground. "We are going full stream with the work".

For the new Rs 35-lakh stadium complex, the Government would provide Rs 20 lakhs and the rest had to be provided by the City Corporation and other authorities, including public contributions. Out of Rs 10 lakhs meant for this year, the Government had already given Rs 5 lakhs. Next year, Rs 20 lakhs would be provided from the Government as well as other sources in the city.

The stadium to be completed within about 18 months would provide accommodation for 25,000 spectators The Public WorksDepartment would supervise the construction, he said.

MysoreGettingReady For Dasara

Mysore, Oct. 6

Like a wedding maid, Mysore City is fast getting dressed up for the 10 day Dasara festivities, which are being organised by the State Government, after a lapse of nine years.

The city wore a look of the Dasara festive days yesterday alone for some time, when both the Palace and the city's main street Sayaji Rao Road was lit up.

The Sayaji Rao Road-the route of the Dasara Procession – had regained its look and importance with colourful lights and arches. The three-line parallel illumination on the Road made it more attractive. The trial illumination lasted for about half an hour.

Some parts of the city went into a black-out before thePalace illumination, for a brief period. Even the Palace was in darkness. When the Palace lights were switched on it provided a beautiful backdrop from the dark areas of the city.

The huge "Welcome" board on the Chamundi Hills is also getting ready and its trial illumination was done yesterday for some time.

People who went near the Palace on Saturday had a surprise programme to witness. Besides, the unscheduled illumination of the Palace, rehearsal of the Mass Band Programme was conducted, in which about eight police units participated. The Mass Band Programme, a new feature of this year'sDasara, will be held on the evening of Oct. 16 in front of the illuminated Palace.

The authorities, who have left no stone unturned to make this year's festivities, as grand as it was some years ago, have already announced the details of the Palace music concert, Jagan Mohan Palace music concert, display of golden throne, and film festival.

NURUL HASAN VISITS CFTRI

Mysore, Oct. 6

The various social objectives of the nation could be achieved only by consistent scientific and technological effort, Prof. S. NurulHasan, Vice-President of Council of Scientific & Industrial Research, said here on Friday.

Addressing the staff of Central Food Technological Research Institute, Prof. Hasan said that it has now been recognised that food technology is one of the major areas which has to find a prominent place in the Sixth Plan.

Complimenting the CFTRI on its scientific and technological efforts, he recalled that it was the CFTRI which focussed the attention of the nation on the magnitude of food losses and pointed out that mere increasing of food production would not be sufficient to meet our requirements. Conservation of food resources through reduction of losses requires continues efforts, he said.

Earlier, Prof. Hasan went round the various laboratories of CFTRI and saw the work going on there.

Dasara Celebrations Begin

Mysore, Oct. 10

Inauguration of a series of programmes marked the commencement of 10-day Dasara festivities under the auspices of the State Government here yesterday.

Inaugurating the 45-day Dasara Exhibition, Chief Minister Gundu Rao assured the people of Mysore that the State Government would give all encouragement to this historic celebration which, he said, glorified the cultural traditions of Karnataka. It would not hesitate to spare any effort to preserve this rich tradition.

Criticising the previous Government, he said that, instead of developing the festivities on the right lines, it had brought down the prestige and level of Dasara to a village level celebration.

The Chief Minister also suggested the revival of Khedda operations in Mysore forests and holding of a State-level function to present awards to persons who had made distinguished service in various walks of life, as part of Dasara celebrations.

Observing that the Doddakere Maidan was not ideal for the Exhibition, he said the Government would consider any alternative place if suggested.

Finance Minister Veerappa Moily, who was the chief guest, suggested that the Dasara Exhibition should be raised to the standard of an international exhibition, if possible from next year alone.

He said the Chamarajendra Technical Insitute would be developed on the lines of J.J. College of Arts of Bombay and for this purpose Rs 25 lakhs had been provided in the budget.

Labour Minister C.M. Ibrahim, in his presidential address, said the exhibition should become a permanent feature at Doddakere.

The Chief Minister also released the special cover and pictorial cancellation with Mahishasura brought out by the P & T Department. Postmaster General K.R. Murthy explained the features of the special cover.

Exhibition Committee President and Industries Development Commissioner N. A. Muthanna welcomed the gathering. Dasara Festivities Committee Chairman B.R. Prabhakar proposed a vote of thanks.

At the majestic and spacious Palace Durbar Hall, Governor Govind Narain inaugurated the Dasara Music Concerts and commended both the Government and the Committee for doing their best to keep up high standards of the celebrations.

"Even in the changed situation as it is today, it is good that we are keeping up some form of these festivities as this keeps our memories alive and draw a large number of tourists to this famous city of ours", he said.

In his brief speech, the Chief Minister said the Government was thinking of stating "son-et-lumiere" (sound and light) programme in the Mysore Palace.

Sri Srikanta Datta Narasimharaja Wadeyar thanked Sri Gundu Rao for reviving the festivities on a grand scale. Smt. Pramodadevi Wadeyar lighted the jyothi. Smt. Chandra Govind Narain released the souvenir. The Chief Minister honoured Ustad Bismillah Khan with a shawl Sri B.R. Prabhakar welcomed and special Deputy Commissioner A. R. Chandrahasa Gupta proposed a vote of thanks. Later, till almost midnight, there was delightful shehnai recital by Bismillah Khan.

Earlier, the Chief Minister inaugurated the Dasara wrestling competitions and assured a wrestling stadium for Mysore. Sri H. S. Rao welcomed and Sri V. Chikkavenkatappa proposed a vote of thanks. The Ranadhira Kantirava Jyothi was brought to the rena from Chamundi Hills by Pailwan Chikkahydappa.

Presiding over the inaugura-tion of Kannada film festival this morning, Finance Minister Veerappa Moily said the Government was considering a total tax exemption for national award winning Kannada films.

Inaugurating the festival, film actor Vishnu Vardhan appealed to Kannadigas to encourage Kannada films. Smt. Bharathi lighted the jyothi. Divisional Commissioner Prabhakar said the amount collected from the festival would be used for constructing a "Kala Mantap". Lido Theatre Proprietor M. V. Veerendra Kumar prosed a vote of thanks.

READERS FORUM

Breach Of Assurance ?

Sir,- Just one month ago the local wholesale Grain Merchants gave an assurance to the Deputy Commissioner that they would sell some of the essential tommodities at reasonable prices. Accordingly a Fair Price Depot was opened in Old Santhepet with all fan fare, in which the Food Assistant also participated.

Within a span of just 30 days the rates of various commodities have been enhanced as follows: Rice Rs 2-25 to 4-50 per kg, Dal Rs 4-25 to 4-70, B. G. Dal Rs 3-90 to 4-50, Wheat Rs 1-60 to 1-75, Oil Rs 10 a litre while the same is being sold at Rs 9-80 outside in the same area, Sugar Rs 6-25 per kg. per card per week.

The innocent public are made to stand in serpentine queue to get the above commodities. After waiting a long time, the people will get only a limited quantity, thus compelling the poor consumers to make it a ritual to come and stand in the queue every week.

Now the enhancement of rates are done arbitrarily by the merchants and is a breach of assurance given by them to the public.

Further, regarding supply of kerosene the less said the better. In the mornings, when the hawkers bring kerosene from the Depot they sell the oil at Rs 45 per tin of 18 and half litres,nearNew Santhepet area. By the time they come to the city and distribute oil near fair price depots, the quantity will be very much less in drums, and they say that the stock is over after issuing to a few people. In some places, the Fair Price Depot owners are also in league with these hawkers. Further the measurement is also faulty.

In the above circumstances, we wonder why suitable action has not been taken against these anti-social elements inspite of the latest promulgation of the Ordinance.

The Chief Minister will take the salute and distribute prizes. This will be followed by a Highlanders dance, band display, traditional Torchlight Tatto and a spectacular display of works.

The procession would be commanded by Inspector Mariba Setty, for the third consecutive year. A sum of Rs. 1.25 lakhs was being spent on the procession, the DIG said.

The rehearsals for the procession were held yesterday and this morning, in front of the Palace.

The procession route will be closed for vehicular traffic one hour before the procession starts.

READERS' FORUM

The Sleeping Clock

Sir-It is very pleasant to sees the illuminated K. R. Circle and Sayaji Rao Road in the evening.

But I would like to draw the attention of the concerned authorities regarding Clock situated on the top of the K.S.R.T.C. Central Bus Stand facing Town Hall. It is not working since ten months, though it is situated in one of the busiest places.

Can the concerned authority look into it at least now?

Over 6 Lakhs Watch Procession

Mysore, Oct. 20

Over six lakh people—a record crowd during the last two decades-witnessed the colourfulDasara procession yesterday.

Nature was kind to both the local population and the tourists who poured into the city in large numbers. They could see the procession in bright sunshine.

People, who were happy of the revival of the pageantry on a grand scale, began to line up hours before the commencement of the procession on either sides of the route. K.R. Circle had the thickest of the crowds and at some points police had to control the surging crowds with great difficulty.

Instead of Finance Minister Veerappa Moily, who was to deputise for the Chief Minister, Divisional Commissioner B. R. Prabhakar offered pooja to Chamundeswari idol, placed in the golden howdah on the back of 42-year-old elephant Drona. A 21-gun salute was sounded. At 2-55 p. m. he came near the Anjaneya Temple and performed pooja to the Nandi Kamba, marking the inauguration of the procession.

Watching the procession from the VIPs' gallery in Town Hall, Sri Moily expressed his happiness over the revival and improvement of the Dasara procession with more items. He told newsmen that the Government would try to make it more attractive in the coming years, so that it would regain its worldwide fame.

Among the dignitaries who saw the procession were Supreme Court Judge Fazalali, Orissa Finance Minister, Kerala Minister, Legislative Council Deputy Chairman V.S. Krishna Iyer and Chief Secretary Narasimha Rau.

The procession reached Banni Mantap around 6 p.m. In the torchlight parade in which over 1,000 personnel of 30 units took part, Sri Moily took the salute and distributed prizes. The programme as well as the Vijayadasami festivities concluded with a spectacular display of fireworks.

Election would be held as early as possible, but not likely in December this year, as scheduled earlier. He said Government was anxious to hold the elections as soon as possible.

Meanwhile, the Union Census Commissioner, it is learnt, has instructed all State Governments to avoid holding elections to Corporations and Municipalities in view of National Census from Jan. 1. Consequently, holding of elections to the several local bodies in Karnataka by the end of this year or in early 1981 is remote.

Tax Collection Not Satisfactory

DHARAM SINGH'S SURPRISE VISIT TO CORPORATION

Mysore, Oct. 22

Housing and Urban Development Minister Dharam Singh made a surprise visit to the City Corporation office and spent over an hour inspecting files and registers.

He also reviewed the progress of works and collection of taxes.

Later, addressing a hurriedly convened press conference, the Minister said the surprise inspection had revealed that the collection of taxes under various heads was not satisfactory. The tax arrears outstanding amounted to a heavy sum of Rs 2.89 crores, including the current demand of Rs 1.17 crores. Of this amount, Rs 32 lakhs were due from shopping complex rent alone. The tax collection worked out to a meagre 37 per cent and some of the tax arrears were outstanding from six to seven years.

Therefore, Sri Singh said that he had instructed the Administrator to carry out a collection drive and bring down the arrears within next two months. He also wanted that applications for building licences should be properly registered and promptly cleared. He advised that the property register should be brought uptodate.

In the CITB, he said, Rs 17 lakhs were due from site allottees and Rs 44 lakhs from house allottees.

Administrator H. K. Shivananda, Commissioner A.M. Qaiser and other officials of both Corporation and Trust Board were present at the press conference.

There has been an increase of 1,928 voters in Mysore City, compared to the number of voters in the last Lok Sabha elections

According to the revised voters' list, there are 2,51,096 voters as against 2,49,168 voters in December, 1979.

Music Festival Begins

POOR RESPONSE

Mysore, Oct. 24

An hour long delay in the arrival of the Minister and poor response from the invitiees made the inaugural function of the State level Dasara music festival in the Jagan Mohan Palace Auditorium last evening a dull and colourless ceremony.

When this reporter went to the venue at 5 p.m., the scheduled hour of inauguration, there were hardly a dozen persons. Anxious to have more persons in the hall, the organisers must have requested the Social Welfare Minister Sri P. Venkataramana, to delay his coming.

Addressing the small gathering present in the auditorium, Sri Venkataramana expressed his happiness over the interest taken by the Government in organising this year's Dasara festivities.

Sri Agaram Rangiah, Editor, Sadhvi, who presided, said the Government had won the gratitude of the people in Mysore by reviving the festivities on a grand scale. He was happy that more attention had been paid to encourage both local and outside musicians by organising a number of music concerts.

Special Deputy Commissioner A. R. Chandrahasa Gupta said the music programmes would be conducted for 10 days. Sri Raja Rao proposed a vote of thanks.

When the brief function concluded within about 30 minutes, the number of those present in the big hall, including the policemen, had increased to about a hundred, including 15 ticket holders. The tickets are priced at Rs. 3 per head.

Expose Politicians

—Patil Puttappa

Mysore, Oct. 25

A call to journalists to expose the politicians without fear or favour was given by veteran journalist Patil Puttappa here yesterday,

Sri Puttappa, who is the editor of "Prapancha" and "Viswavani" of Hubli, was honoured by the Post-graduate Department of Journalism.

Sri Puttappa, whose speech was marked with full of anecdotes on the life and ways of politicians he had come across in the last 35 years of his journalistic career, regretted that their level and standards had touched the lowest level. The newspapers had to expose them, inspite of the difficult situation they were facing. Otherwise, they would be "cheating" their readers, he warned.

Dr. H. M. Naik, Director of Institute of Kannada Studies, presided.

The authorities have been telling me that it is a good suggestion and have been promising to implement the same. But so far it has not materialised.

DASARA : Divergent Opinions

Mysore, Oct. 29

Speakers who participated in the symposium, "This Dasara : Your Opinion", organised by Samudaya on Oct. 26, expressed divergent opinions on whether there should be Dasara or not in Mysore.

While some said that they do not want Dasara at all, some other speakers wanted the festival at a lesser cost. In all 60 persons participated in the "successful" discussion.

A resolution adopted at the end of the discussions said that the expenditure on Dasara was too much and it should be reduced. Instead, the amount should be spent on improving essential facilities like traffic control, police and hospitals.

It said free passes for music concerts at the Durbar Hall should be abolished and the rate of admission should be fixed so as to suit the pockets of all. The seating arrangement should be such that the musician and the audience should see each other.

It wanted the 'Welcome' lighting on Chamundi Hills should be removed. The entry fee for Palace and other places should be reduced during Dasara. The Exhibition should lay emphasis on educational value and there should be permanent stalls of all educational and technical institutions.

Dr. U.R. Ananthamurthy presided. Messrs D.R. Krishnamurthy, Bharathadri, Lingadevaru Halemane, S.R. Sudharshan, Mohan Kumar and others participated. Samudaya Secretary Kapila M. Krishna welcomed the gathering.

No Water Supply Today

KUW & DB's Indifference Continues

Mysore, Oct. 29

On account of some urgent repairs being attended on the rising main, there will be no water supply to the city on the afternoon of Wednesday and the supply will be partially affected on Thursday, informs KUW & DB Executive Engineer S. K. Veerabhadrachari.

The press note is dated Oct. 27 and was released to the press by the office of Department of Information & Publicity last evening.

The KUW & DB authorities continue to be indifferent in informing the public about the cut in water supply in time. Although it has been pointed out several times by the local press that the KUW & DB authorities could inform them over telephone as most of them have this facility, so that the news papers could inform their readers in time, the authorities continue to be callous. It looks as if their job is over by just releasing a press note and passing it on the next day to the local office of the Department of Information & Pbulicity.

READERS FORUM

BASKETBALL

Sir,-The annual all India basketball tournament was held during the last week in the well prepared ground of Subbarayanakere by the Mysore District Basketball Association. The ground was flooded with lights and good seating arrangement had been made.

Speaking about the game, basketball is one of the finest games to witness. The proof of it was found in the interest that people evinced in witnessing it, in very large numbers. In a small rectangular court with rings fixed on the two sides at a fairly good height, the contenders five on each side, try to storm the opposite ring and throw the ball into it to score a goal.

It is a great sight to see how the players and not the opponent pass and throw the ball into the goal from all angles and all distances, so accurately, that it draws applause from the crowd. The physical exertion is considerable though it is only a game of one and half hours. Quickness, physical stamina, the art of passing to the proper person, the ability to hoodwink the opponent and advance, not to speak of the understanding of the team-mates and co-operation, are a necessity.

On the whole the game is very swift, interesting and suitable for providing recreation to the onlookers, and enough intelligent exercise to the players. It is a costless game and can be provided by all educational institutions to the pupils.

The District Basketball Association is to be thanked for encouraging this body building game and providing recreation to the public.

State Celebrates Rajyothsava

(From Our Correspondent)

Bangalore, Nov. 1

Karnataka is celebrating Rajyothsava with great eclat today.

At the stadium, both Governor Govind Narain and Chief Minister Gundu Rao called upon Kannadigas to work hard for the progress of the State. At the impressive march-past, school children stole applause. The sad BTS bus mishap still fresh in their minds, the spectators came out with a big hand.

At the StateHigh Court, Sri Rao released the volume of judgments delivered in Kannada in several courts and commended the work. Chief Justice Chandrasekhar presided. Judges from other courts were present.

Notable omission in this year's Rajyothsava is the announcement of awards.

IN MYSORE

Under the auspices of the City Corporation, the day was celebrated at Town Hall. At the parade, Social Welfare Minister P. Venkataramana took the salute and appealed to the people to popularise the use of Kannada.

Traffic Blockade By Lorries

Mysore, Nov. 1

Traffic in the busy K. R. Circle and neighbouring roads came to a standstill for over one hour this afternoon following blockade of the roads and the KSRTC bus stand by 100-150 lorries.

Protesting against the alleged assault of a lorry driver by a Sub-Inspector of Taluk Police Station yesterday, the lorry drivers who came in procession with their lorries parked them at all entry points in the area. It was a virtual siege by them.

As a result, vehicular traffic, including city and mofussil buses, came to a stand-still. Additional Police Superintendent Shafi Schmnad rushed to the spot and assured the drivers that suitable action would be taken against the Sub-Inspector. Later, they withdrew the blockade.

New Industries With 91-Lakh Investment

Fifty-nine cases proposing to set up new industries in Mysore District with a capital investment of Rs 91,52,150 have been sanctioned during the quarter ending March 1980 by the District Industries Centre

These units generate an employment potential of 517.

During the period, a subsidy of Rs 17,85,935 was also released by the centre.

The District Industries Centre, which is a Centrally sponsored scheme administered by the Department of Industries and Commerce, Government of Karnataka, registered 314 new small scale industries in the district and provided financial assistance to 112 units to the tune of Rs 1 50 lakhs.

The main aim of the scheme is promotion of small, cottage and village industries in the selected district by providing all services and support to the decentralised sector under a single roof at pre investment, investment and post investment stages.

In the first phase of the implementation of the I IC scheme seven districts in Karnataka were selected. In the second phase, six districts have been selected and Mysore is one among them The District Industries Centre here started functioning from August, 1979.

To accelerate industrial development at taluk level, the centre has conducted six seminars. Besides propagating the functions of the Centre, the seminars were also aimed at starting new industries in rural parts The units that could come up in these areas were identified Artisans like mat weavers, silk weavers, meadars, potters, carpenters etc. were assisted in obtaining required finance from financial institutions.

Under the programme "Training for Rural Youths for Self Employment", about 166 rural youths were trained in different crafts in the Government and Central Government institutions. The trainees were assisted with financial assistance for purchase of sewing machines etc. so that they could engage in a gainful self-employment. In the second batch, about 290 candidates would undergo training in various crafts

INDIA NOW

OIL

Oil now accounts for 75% of total imports. Conservation measures seem to have made little impact.

How much do we spend on oil ?

The oil import bill touched Rs 4,700 crores in 1980-81 and has been rising at the rate of Rs 1,000 crores a year for three years.

Is that due to price hikes ?

Only partly The quantity of imported oil has also been rising at 6.7% per year.

Who uses all this oil ?

Through the Seventies 32% went for transport 38% for industry and 17% for domestic use

What about India's own oil ?

With domestic oil production rising at 9.3% per year we will run out around 1990

Shouldn't we use more coal ?

In fact there has been a switch away from coal. Oil's share of commercial energy rose from 46% in 1960 to 53% in 197

IN MYSORE DISTRICT

★ A sum of Rs 2.93 lakhs has been earmarked for 1980 81 for revitalisation of industrial co-operatives organised by weaker sections

★ There are 1018 working looms comprising of cotton, woollen and silk engiging, 3200 workers and producing 55,000 metres of fab ic per month.

★ There are 400 working power looms engaging 1100 persons and providing 20,000 meter of cloth per month.

★ Under Tribal SubPlan scheme, 60 tribals of H.D. Kote and N. Begur have been trained in bee keeping and carpentry. They have been also given tool kits free of cost after training.

★ The District Industrial Centre has got a scheme to provide way-side cabins to cobblers for undertaking repair work Permission to erect 15 such bunks has been obtained from the Mysore City Corporation.

Can we cut oil use ?

On transport and domestic use we probably cannot save in the short term. We could however replace some fuel oil by coal, but only if coal deliveries can be improved.

The Festivities Of Friendship

The festive season has begun. The Dussehra and Bakri-Id celebrations are over. And Diwali, the festival of lights, is round the corner. It is a happy coincidence that while Vijaya Dashmi was celebrated on October 19, Bakri Id was on October 20. Indeed, both these days mark the culmination of 10 days of celebrations In both cases, it is a great victory that is hailed with joy.

On Vijay Dashmi day, millions of people will see the imposing effigies of the demon trio, Ravana, Maghnath and Kumbhkarna meet a fiery end. This will mark the eternal triumph of good over evil.

On the day of Bakri Id, one has only to recall the touching story of Prophet Abraham who after great prayers, was granted at the age of 80, the gift of a son, Ishmail. Then he had a dream in which the Almighty asked him to sacrifice his son in the way of Allah. So great was his devotion to the Almighty that Prophet Abraham did not hesitate to put the knife to son's neck. But just when he was about to end the life of his most precious and beloved son, the Almighty substituted the boy with a goat. The devout regard this as a triumph of devotion of God. And the day is celebrated in that spirit.

The juxtaposition of the two important festivals of the two communities should be seen in its wider perspective. Their closeness can be taken to depict the togetherness of the Hindus and Muslims that was forged not today, not yesterday, but in the days of Akbar during whose long and wise reign succeeded in establishing an enduring pattern of secular understanding, mutual appreciation and exchange of ways of thinking, and expression.

The composite culture deliberately fostered by Akbar succeeded in seeping into every nook and corner of the country. It is only during British rule that one saw this harmonious blending of two cultures being disturbed in their bid to divide and rule. Later, fanatical elements on both sides in the two communities fanned hatreds for selfish ends and in their efforts to tarnish the image of India whose pluralistic society has greately succeeded in staying together in spite of such anti-national elements.

It is a manifestation of the joint cultural heritage that even today, Hindus and Muslims participate in each others festivals as they did in Akbar's times. On the day of Id, for instance, Hindus assemble near the Muslim places of congregation to offer them 'Ittar' and 'ilaychi'. Similarly, Muslims join in processions taken out by Hindus on festive occasions. The nation's capital New Delhi has just celebrated " hool walon ki sair" which Jawaharlal Nehru revived some two decades back as a symbol of national integration and communal amity.

It is these ties of brotherhood and friendship between the two communities that should be developed and encouraged.

Indian Railways

Indian Railways are the largest undertaking in the country with total assets of Rs 5,896 crores and an annual revenue of over Rs 2,134 crores and the largest work force of 17 lakhs. Everyday, Indian Railways carry about one crore passengers and haul 6,50,000 tonnes of freight in 11,000 trains run over 60,693 route kms. with 7,070 stations across the country. They have an impressive fleet of 11,000 locomotives, 37,000 passenger coaches and four lakh wagons.

Economic progress of any country is dependent to a large extent on the adequacy of development of transport infrastructure. In India, Railways provide the main transport network in the country's socio-economic development.

WILD LIFE IN INDIA

In India there are about 500 different species of mammals, 1250 species of birds and more than 20,000 forms of insects, besides many species of fish, reptiles and amphibia.

Ladakh is the highest inhabited territory and the largest district in India. It is practically treeless and yet has a unique spectrum of wildlife like the Snow Leopard, Marcopolo Sheep, Blue Sheep, Chiru, Lynx, Kiang and Wild Yak.

India's National Animal is the Tiger, whose number has declined from about 40,000 only 50 years ago to about 2500 today

Snakes are the most effective natural way of keeping in check rodents and rats, which devour about 15 per cent of our standing crops and about as much of the stored foodgrains – enough to feed about 100 million people each year.

The greatest concentration of primate species of the world is in India ranging from a squirrel-like Tree Shrew to the large Gibbon. Of these, two spectacular and most endangered are the Golden Langur found only in parts of Assam and Bhutan and the Lion-tailed Macaque which exist only in the Southern part of the Western Ghats.

The origins of wild life management in India can be traced back to the rule of Asoka, the Mauryan Emperor, in the third century B.C. He set up reserves for wild animals and laid down special conservation measures in his Fifth Pillar Edict. These were perhaps the first wildlife conservation measures in the world

1-Cr From UGC To Varsity

Mysore, Nov 4

The first meeting of the newly reconstituted Senate began at Crawford Hall this morning. Vice-Chancellor K S Hegde presided. After introduction of new members, the questions and answers were taken up.

To a question of Sri M. G. Sri Prasanna protested against the Vice-Chancellor's reply.

He informed Sri Puranik that there were 76 employees on daily wages in the university from 1977 and onwards. They would be treated as local candidates and confirmed in permanent posts as and when vacancies arose

After the question hour, the election of three members to the Syndicate, one member to the Academic Council and one member to the Finance Committee from the House was taken up.

Sweeping the big industrial States in the South, he trounced Jimmy Carter all across the country. Carter became the first elected President to be turned out of office since 1932. Conceding his defeat, Carter telephoned Reagan to congratulate him on his victory and to promise an orderly transition.

Rejected everywhere by voters who expressed their discontent ranging from economic problems to the Iran hostage crisis, Carter conceded defeat two hours before midnight last night.

TWO HOTELS CLOSED

Mysore, Nov. 13

A number of hotels in the city, including a few prominent ones, are facing serious labour problems and as a result lock-out has been declared in two hotels.

At a press conference this morning, the Hotel Owners' Association office-bearers explained the non-cooperation of the workers. They alleged that the workers were indulging in high-handedness and resorting to violence, like manhandling the proprietor of a sweet shop and assaulting a supervisor with knife. Workers Deny Hoteliers' Charge

Mysore, Nov. 14

The Mysore District Hotel Workers Union has strongly denied the allegations made by the city hotel owners yesterday.

In a statement, Workers Union General Secretary Mohan Kumar made counter charges on the management that they were making false charges against the workers as the workers were uniting to secure their legitimate rights.

The hotel owners were continuously exploiting the labour all these days and were ill-treating them. With a view to make more profits, they were regularly enhancing the prices and giving sub-standard food articles to the customers, he accused.

While one hotel which had declared lock-out was not extending any facilities to the workers and had ill-treated the officials of the Labour Department, the other hotel, which had also declared lock-out, had gone back on the assurance it had given before the Labour Department officials that no workers in the hotel would be removed, Sri Kumar alleged.

He appealed to the public to support the "legitimate rights" of the city hotel workers.

Devaraj Urs: Call To Chaluvaligars

Mysore, Nov. 17

Congress (U) President D. Devaraj Urs on Saturday called upon Kannada Chaluvaligars to take up the task of creating an awareness among the people on the political developments in the State and the country.

Presiding over the Karnataka Rajyotsava celebrations, under the auspices of Karnataka Rajyotsava Kendra Mandali, Sri Urs told the Chaluvaligars now that their ambition of having the State renamed as Karnataka and having Kannada as the official language had been achieved, they should now turn their attention to think and analyse the politics of the country and also make the people to understand it. Democracy would not be successful without proper understanding of the country's politics, he said.

They should also think on how to make the Government realise its responsiblity of removing poverty and bridging the gap between rich and poor. If necessary they should launch an agitation in this direction, Sri Urs suggested.

Goal Of All Religions Same, V-C

Mysore, Nov 20

The fundamental teachings in all religions were the same, Vice-Chancellor K.S. Hegde said yesterday

Inaugurating a series of eight lectures on "The Sermon on the Mount of Jesus Christ" by Dr D.S. Amalorpavadass, Visiting Professor of the Chair in Christianity, he said that those who had an opportunity to study the teachings of all great religions of the world would agree that their teachings and prayers led to the same goal.

The Chair in Christianity, which had been instituted about a year ago in the university, had been recently converted into a department. A university did not owe allegiance to any one religion. But, nonetheless, it was committed to dispassionate study in all fields, whether it be arts, science or religion.

So also the Mysore University had embarked on this venture of setting up the Department of Christianity not to propagate any religion or faith, but with the intention of understanding clearly the teachings of all religious leaders so as to arrive at a synthesis, Prof. Hegde made it clear.

He expressed the hope that the Department of Christianity would study deeply and reinterpret what essentially is the message of the Bible for the benefit of mankind.

In his introductory remarks, Dr. Amalorpavdass said the Sermon on the Mountain was the quintessence of the teachings of Jesus Christ. He explained how there were similarities in the teachings found in Bible and Bhagavad Gita and how Gandhiji was influenced by both the sacred books.

Raids Subdue Trade In Santhepet

Mysore, Nov 20

There was subdued trade activity in Santhepet yesterday and today following raids and arrests of merchants by the police under the Essential Commodities Act.

Jaggery shops remained closed for the second day and of the two jaggery merchants taken into custody, one merchant is said to be the biggest dealer of jaggery in Santhepet.

According to a press note issued by Police Superintendent L. Revannasiddaiah last evening, the total quantity of jaggery seized in raids on Tuesday was more than 600 quintals valued over Rs 3 lakhs.

A major portion of the jaggery seized was ready for being transported from Santhemarahalli in six lorries. The jaggery had been delivered to the merchants, against the loans advanced by them to the farmers. The jaggery was about to be transported from Santhemarahalli to other places. The police have also seized the lorries and arrested the drivers, Masur Khan, Nazeer, Naganna, Kumaraswamy, Athulla and Shivanna.

The raids were organised by the SP through Circle Inspector Suryanarayanaswamy, Sub Inspector Venkataramana Iyengar and Chamarajanagar Circle Inspector B.M. Visweswaraiah.

A CORRECTION

Sri Shah Narasaji is not one of the arrested in the raids on Nov. 15 and 16 as reported in our paper yesterday. The arrested merchant is stated to be Shah Uttamchand Bawarlal. We regret the error.

Delivering the inaugural address of the Extra Curricular Activities Committe of Manasa Gangotri, he said he was never after power. Power craze was dangerous and time would prove this. It was the craze for power which was eroding the democratic principles.

Decontrol Sugar, Dr. Swamy

Mysore, Nov 24

The sugar mill owners in the country have made a profit of Rs. 1,000 crores during the last 10 months thanks to the sugar policy of the Congress (I)Government, charged JanataParty General Secretary Dr. Subramaniam Swamy here on Saturday.

Addressing a public meeting at Town Hall, he said the Centre should follow the policy of the previous Janata Party Government and decontrol sugar again. If this was done, within one week the sugar prices would come down. But, he knew the Indira Gandhi Government would not do this because her partymen would become poorer.

He said Smt. Gandhi was doing the "Janata Japa" by blaming Janata Party every day for the present situation. But, it was the Janata Party Government which had brought down the prices and increased stocks of foodgrains, foreign exchange and gold reserves, Dr. Swamy claimed.

He charged that the Indira Government had completely failed on all fields—economics, law and order and foreign policy. While prices had risen, the Sixth Plan draft had been scrapped. Murders and rapes were increasing every day. While there were only three communal riots during the Janata rule, now, within 10 months, 41 communal clashes had taken place, he criticised.

Dr. Subramaniam Swamy said the infighting in Indira Congress was increasing every day. He gave the examples of the removal of Sri Kamalapathi Tripathi from the Railway Minister's post and the tussle between Chief Minister Gundu Rao and Revenue Minister Bangarappa in Karnataka.

The way Indira Gandhi's Government was functioning indicated clearly that it would not last long, he said.

City Janata Party General Secretary Vedantha Hemmige welcomed the gathering. Sri P.G.R. Sindhya introduced Dr. Swamy. Sri A. Ramanna spoke. City Unit President H. Kempegowda proposed vote of thanks.

STUDENTS HECKLE MINISTER

Mysore, Nov. 25

The College Day celebrations of the Mysore Medical College was marred yesterday when a section of the students kept on shouting "No More Medical Colleges" during the speech of Health Minister A. K. Abdul Samad and heckled him with repeated interuptions.

Agitated over the increasing number of new medical colleges in the State, as soon as the Minister, who was the chief guest, rose to address them, the students began shouting "No More Medical Colleges". The College authorities tried to prevent the embarrassing situation by announcing that there would be prize distribution. But the students resumed their slogan-shouting when Sri Samad began to address them after giving away the prizes.

The Minister tried to pacify them by saying that he was also one among them to say that there should be no more new medical colleges in the State. He assured them that their sentiments would be conveyed to the Government. "We will see how best we can avoid further sanctioning of medical colleges", he assured.

He told them that even though the Government accorded sanction for fresh medical colleges, the ultimate decision was with the Indian Medical Council.

When the Minister strongly criticised the medical students and graduates for not going to rural areas as per the new reorientation given to the medical education and for not utilising three vans given for this purpose, the students raised hue and cry.

From among the students who were creating the disturbance, a medico, Srinivasan, came to dais and began to explain their grievances. He denied that the students and graduates were not going for rural service. He complained that the vans were too big for the purpose.

Principal Dr. U. Ramachandraiah also tried in vain to pacify the students by appealing to them to put forth their problems before the college authorities so that he could take them up in the meeting scheduled to be held in Bangalore next month.

Resuming his speech, Sri Samad felt that there was some communication gap between the students and management on the one hand and students and Government on the other. He assured that if necessary he would come again to Mysore to hear their grievances.

The Government was also considering providing of smaller vans for the colleges to help the medicos to go for rural service.

He warned that unless there was reorientation of medical education, allopathic system would lose its importance and all the amount that was being spent on it would be a waste.

Upset over the behaviour of the students, Social Welfare Minister P. Venkataramana, who presided, told them that if they continued to shout and disturb their speeches, he would stop his speech.

The students, instead, began shouting "Ho". The Minister stopped his speech and sat down.

Earlier, Dr. Ramachandriah welcomed the gathering. General Secretary N. Ramesh and Literary Secretary Siddaraju read reports. Dr. Subramanya Bhat proposed a vote of thanks.

Poll Outcome Puts Off Cabinet Expansion

(From Our Correspondent)

Bangalore, Nov. 26

It may be recalled here that Chief Minister Gundu Rao had earlier said that he would expand the Cabinet after the by elections to the Assembly. Sri Rao, whose prestige is hit with the defeat of Sri N. Lakshman Rau, who was expected to win because of his popularity and the ruling party's all-out bid to snatch the seat from Janata, has postponed the expansion. The expansion is expected to take place only after the AICC session. Meanwhile, the Assembly is likely to be summoned in the last week of January.

Sanjay Was A Visionary, Rao

Mysore, Dec. 2

All great men like Basaveswara, Buddha and Vivekananda had to face strong criticism when they wanted to bring about a change in the society in which they lived. Similarly, Sri Sanjay Gandhi too had to face lot of opposition and hardship, Chief Minister Gundu Rao said here on Sunday.

Laying the foundation stone for Rs 2-lakh "Sanjay Gandhi Smarak Bhavan" in Bogadi Orchards, near Manasa Gangotri, he said Sri Gandhi was aware of the country's problems and how it was drifting away from its goals of eradication of poverty and ignorance.

While paying glowing tributes to Sri Gandhi, Sri Rao described him as a visionary with a remarkable foresight, besides being a youth with strong will power and simple living habits.

Calling upon the youth to implement Sanjay Gandhi's 5 point programme, which were the five 'gems' he had placed before the country, the Chief Minister warned that if the present trends in the country were allowed to continue they could bring about chaos.

Stressing that discipline was essential in all walks of life, Sri Gundu Rao said without discipline no change could be brought about. This was what he was trying to do, although some people did not like it. These people thought liberty and democracy were licences to do what they liked, he regretted.

Unfair Game In Dasara Awards ?

Sir - I am bringing to your notice a glaring case of a foul play in the awards given to the competitors in the ladies section of Dasara Exhibition.

I displayed "a Cussion Cover with cross stich" and on the first day of the exhibition, I found the "AWARD" label on my article. Subsequently, several of my friends from the University Campus congratulated me. The label was sticking to the cover for over three weeks, and one fine day it vanished. On the last day of the exhibition (7-12 80), I enquired with the Supervisor incharge of the Ladies section, who cooly dispensed me saying that it is not his concern. Next day morning I came again where I met an elderly lady (I do not know her name) who is a member of the Ladies Section Committee, and who had a list of awardees with her. When I asked her about my award, she searched the list and to my surprise, I found that my name in the typed list was struck off with a pen and another name of one Mrs. Indira, was introduced in my place. The lady was kind and sympathetic to me but she could not say anything about who could have done it. She later on went to the Secretary and told him about this. The Secretary said, "OK" give her also an ther award.

What pains any one is the dishonesty and chicken-hearted attitude of the people at the helm of affairs Could any body probe and find out as to who could have changed the decision of the judges? Is it again the judges who changed their mind after the article was displayed for three weeks with an award label, or is it some one at the lower rung who could tamper with the list, not able to tolerate the name GULNAZ? I am not interested in the award, but I only want to place on record this unfair game of the Committees constituted to run the show at the Dasara Exhibition.

FILM :

'PRANIGALA PRAPANCHA"

The English movie in colour, "The Last of the Wild", edited and produced in Kannada under the title "Pranigala Prapanch" (The Animal World) is currentiy on fare in the city.

The film presents a number of wild animals and birds, including some rare ones, seen in forests of different countries, including India It has been shot over a period of seven years by expert cameramen in these forests. The film also tells how the existence of some of these animals is fast deteriorating. It also shows the brutalities of man.

The film is interesting not only for children but even for elders. The escape of an ape from a lion and a crocodile, the fight between two giant African elephants, the fight between a python and a tiger and a cobra and a mungoose are worth seeing The Kannada narration by the popular Kannada dramatist, Sri A.S. Murthy, however fails to impress.

The film, released by K. C. N. Movies, is being currently screened at Gayathri, Woodlands and Chamundeswari Theatres.

READERS FORUM

MYSORE A.I.R.

Sir,-The Mysore Station of All India Radio broadcasts only in the morning and evening This is not enough. In the afternoon, we have to tune to Bangalore Station for news and music. The reception is not as clear as from the Mysore Station. Therefore, it would be good if the Mysore Station can at least relay the afternoon programmes of the Bangalore Station from 12-30 p.m. to 2-30 p m. This will enable the listeners in and around Mysore to listen to the news bulletins clearly in the afternoon and also have some entertainment by way of music etc.

When the Mysore Station relays running commentaries of important matches for the benefit of its listeners, it should not be difficult for them to relay the afternoon programmes of the Bangalore Station every day. In the same way, the Kannada news from 1-10 p.m. to 1-20 p.m. may also be broadcast from Mysore Station.

Hope the authorities will kindly accede to this request immediately and oblige.

Sterile Couples

Sir, - Prof. Kurt Swolin, Associate Professor at the University of Goteborg, Sweden, while delivering his lecture on "Electro-micro surgery in Gynaecology" at the First National Congress on Hromones and Human Reproduction at Bombay said that the hopes of a sterilised woman to become a mother again has soared from 20% to 80% with the introduction of Electro-micro surgery Even trans plantation of the fallopian tubes or overies may become a possibility in future. This is due to an extremely gentle, atraumatic and bloodless surgery done under a surgical micro scope with electric coagulation.

Sterile couples in this region may feel encouraged to know that these facilities are now introduced at Sankalp Hospital, Yadavagiri, Mysore, Tele No. 24807. All possible sophisticated and modern methods will be used to help such couples who have otherwise little hope of pregnancy.

Civic Polls Not Likely Before April

Bangalore, Dec 20

There is no immediate prospects of the State Government holding elections to the Mysore City Corporation. The elections can be held only in next April or May at the earliest, according to official sources.

Although the Government has issued the preliminary notification calling suggestions and objections for delimitation of constituencies and the time given for it has already lapsed, a number of individuals and organisations have raised many points which need consideration of the Government, it is stated.

Meanwhile, the Government will continue to receive till an official notification is issued about the calendar of events suggestions and objections from the public.

Since State Census will be held in February and a large number of persons will be drafted for the census work, corporation elections have to be conducted only after the census work is completed, according to instructions from the Chief Census Commissioner.-(FOC)

When a musician dedicates his songs to God, he can enjoy the musical concord and the sweetness associated with it. CPI(M) MEET FROM TOMORROW

Mysore, Dec. 23

The Communist Party of India (Marxist) was in the forefront in the struggle to build a left democratic alternative, both in the State and in the country, Party's State Committee Secretary M.K. Bhat said here yesterday.

Addressing a news conference,he said the country was passing through the worst economic crisis. Authoritarian forces were once again raising their heads. Communal and disruptive forces were very active, threatening the very integrity of the country.

The reason for all the ills was the capitalist path followed by Governments which ruled the country all these 33 years. What was needed today was not a change of persons in power, but an alternative path which was fundamentally different from the capitalist path. This could be done by a left and democratic alternative based on concrete and time bound programme. The developments of West Bengal, Tripura and Kerala had provided new direction in this regard, he said.

Sri Bhat said the five-day Plenum of the State Committee to be held here from Dec. 24 would discuss, besides the organisational matters, the political situation in the State. In the background of the six-party convention held at Delhi, efforts for joint struggles already made in the State would be reviewed and concrete plans for joint struggles would be chalked out.

Party's General Secretary E.M.S. Namboodiripad, who will inaugurate the Plenum at 6-30 p.m. at Town Hall, will be present on all the five days and guide the Plenum. About 120 delegates from 18 districts will participate. A rally will be taken out earlier at 3 p.m.

Reception Committee Chairman M. N. Ugrappa and Treasurer Thimme Gowda were also present at the press conference.

'Seized Stocks Not Unauthorised'

Mysore, Dec. 24

The Mysore Grain Merchants' Association has denied that the stocks of pulses worth Rs. 2,37,535 seized from Sri Mangilal of Devaraj Urs Road by the Food Cell authorities last week were "unauthorised stocks".

In a press note, Association President P. Shivanand said that Sri Mangilal had shown to the Food Cell authorities the receipt for the renewal of the licence issued by the Food Licencing authorities. Inspite of it, the Food Cell authorities had seized the stocks, he alleged.

He regretted that licences submitted by the merchants for renewal were pending for the last several years in the office of the Food Assistant and even some of the licences were reported missing. This delay by the officials was resulting in the seizure of stocks, he said and urged the authorities to renew the licences without further delay.

EMS Call To Opposition Parties

Mysore, Dec. 25

Sri E.M.S. Namboodiripad, General Secretary of the Communist Party of India (Marxist), called upon all left and democratic Opposition parties to get united to save the country from the authoritarian regime of Prime Minister Indira Gandhi.

Inaugurating the five-day Plenum of the Party's State Committee, Sri Namboodiripad said the process in this direction had already started with some Opposition parties agreeing to act unitedly on issues concerning problems of labourers and farmers, price rise and civil liberty.

He said the question of the Opposition parties coming together was a matter of life and death for all those who opposed authoritarianism, including the CPI (M), particularly when all the Opposition parties, including the Congress (I), were in disarray.

The farmers' agitation which had spread to many States now would help immensely in further consolidation of the Opposition parties. Political parties had not become irrelevant because of the farmers' movement, as made out by some. On the other hand, the agitation could be developed for the emergence of a new political force, Sri Namboodiripad said.

ADMN. CHANGES AT ANY COST, CM

Mysore, Dec 29

His Government had decided to bring about a change in the old system of administration with a view to see that the problems of the common man were solved without the help of agents and pressures from influential people and come what may he would not go back on this decision, Chief Minister Gundu Rao declared here today.

Replying to the felicitations accorded to him and Vice-Chancellor K.S. Hegde by the Mysore University Non-Teaching Staff Association, Sri Gundu Rao said that criticisms about some of the new steps taken by him like file clearance and reply to petitioners were being given up now with the realisation by the critics that these steps had not been taken up with a view to gain publicity by him but with the real intention of helping the common man. These steps had also started yielding results now, he claimed.

Even after 33 years of Independence, no change had been brought about in improving the administration. The common man had come to the belief that no work in Government was possible without help of touts and middlemen he said.

His Government had realised that allowing such a situation to continue in administration was dangerous to democracy. Hence it had decided to bring about changes by experimenting a number of measures. He had told his colleagues and friends not to bring pressures on the Government. He was even prepared to resign as the Chief Minister, but there would be no going back on the decision, Sri Rao said.

Prof. Hegde thanked the employees and the teachers for maintaining a cordial atmosphere in the university during the last two years of his administration. Finance Minister VeerappaMoily released the souvenir. Association President C. Y. Parthasarathy presided. Secretary M. H. Hanumian welcomed and Sri Satish presented addresses to Sri Rao and Prof. Hegde.

Sharif Blames State Govt.

Mysore, Dec. 29

Union Minister of State for Railways C. K. Jaffer Sharief yesterday blamed the State Government for the delay in the execution of the Mysore-Bangalore broad gauge work.

Speaking to newsmen, he said that the sleepers required for the rail work was not forthcoming in time from the Karnataka Government, which had earlier agreed to supply them to the railways free of cost. This was one of the reasons for the delay and not availability of finance, he said.

Sri Sharief said he had issued orders for the extension of the broad gauge line upto the workshop. The modernisation of the workshop would be taken up.

The Minister added that the new Railway Division was likely to be inaugurated on Jan. 26 in Bangalore.

CM's SPOT GRANTS TOTAL 8.6 LAKHS

Mysore, Dec. 30

The on-the-spot announcements by Chief Minister Gundu Rao here yesterday will cost the State Exchequer Rs. 8 6 lakhs.

The Chief Minister participated in five functions and he was generous enough to sanction on the spot the demands for grants made at three functions. At the concluding function of the Indian Political ScienceConference, he announced a liberal financial assistance of Rs 30,000 instead of Rs 25,000 requested by the organisers, because the request was made by former Minister K.H. Patil, whom Sri Rao described, amidst laughter, as a "practical politician" and whose "practical politics has caused troubles many a times".

He readily agreed to the request of Prof. D. Javare Gowda, President of Kuvempu Vidyavardhaka Trust, for Rs 5 lakhs from the Government as building grant and Rs 30,000 as annual grant for the trust.

The Chief Minister also announced that the Government would buy at a cost of Rs 2 lakhs 1,000 copies of both the volumes of "Nenapina Doniyalli" by Dr. Puttappa and distribute them to schools and libraries.

He also announced a grant of Rs 1 lakh to the HardwickeHigh School

Kuvempu Statue In Gangotri

Mysore, Dec. 30

Chief Minister Gundu Rao announced last night that the Government would instal a statue of Poet Laureate K V. Puttappa in Manasa Gangotri campus.

Laying the foundation stone of Sri Kuvempu Residential Institute at Jayalakshmipuram, he said he would try to get the statue unveiled by Prime Minister Indira Gandhi.

Sri Rao said the statues of Dr. Ambedkar and Sri K. Hanumanthaiya would be installed in about two months in front of Vidhana Soudha. Work in this connection had already started.

Finance Minister Veerappa Moily, who presided, presented the Kuvempu Vidya Parishat's award to Kannada writer Prof. V.M. Inamdar. Trust President Javare Gowda said the educational institute would come up on the 30-acre land. Sri P. M. Chikkaboriah read a report and Sri S. Anand, the messages.

CALLS ON KUVEMPU

Sri Gundu Rao called on Dr. Puttappa at his residence in V V Mohalla last evening and was with him for about 20 minutes. They discussed various issues including development of Kannada.

DEMAND KASARGOD IN ONE VOICE

CM'S CALL TO KANNADIGAS

Mysore, Dec. 30

Chief Minister Gundu Rao called upon the three and half crore Kannadigas in the State to demand in one voice the transfer of Kannadigas from Kerala to Karnataka.

Laying the foundation stone for the Kuvempu Residential Institution of the Kuvempu Vidyavardhaka Trust, he said the Mahajan Commission had awarded Kasargod to Karnataka and it belonged to Karnataka. The previous State Governments had already delayed in urging the Centre to transfer Kasargod from Kerala to Karnataka. His Government would not sit with folded hands like the previous Governments. Kasargod belonged to Karnataka and the State Government would not give up its legitimate right, he said.

Professor's Warning On Assam

Mysore, Dec. 30

The Congress (I) Government at the Centre was not keen on resolving the Assam issue by agreeing to the demand of theAssamese to deport foreign nationals from there as it would erode its "traditional vote banks", Dr. Debo Prasad Barooah, Professor & Head of Political Science Department, Guhati University, Assam, said here on yesterday.

Speaking to newsmen, he said the foreign nationals, mainly from Bangla Desh and Nepal,had settled down in Assam and their continued migration into the State for a few years more would reduce the Assamese, who had a distinctive culture, to a minority in their own State. That was why, the Assamese were agitating that all those foreigners who had settled down in Assam should be identified on the basis of the 1951 National Register of Citizens.

The Government of India was committed to deport the foreign nationals who had come after 1971. The question was what should happen to the foreign nationals who had come to thsState between 1951 and 1971. Assam had agreed to bear the burden of the foreigners who had come between 1951 and 1961. The burden of those who had come between 1961 and 1971 should be borne by the country, Dr. Barooah said.

These foreigners, whose number had risen to 4-5 millions now, had become traditional vote banks for the ruling party. With the help of their votes, the Congress (I) members had won the elections in the State. Hence, the party did not want these banks to be eroded, he alleged.

He also alleged that Assam was in the grip of a rain of terrow with CRP atrocities on all sections of the people. If the repression did not stop, it might reach a point of no return, he warned.

Dr. Barooah said it was a life and death struggle for the Assamese and it would continue till their demands were conceded.

He made it clear that the Assamese had nothing against people from other parts of India who had settled in Assam. "We consider all Indians living in Assam as citizens of that place", he added.

Kannada Book Industry In Crisis

Mysore, Dec. 31

Chief Minister Gundu Rao on Monday expressed his happiness over the increasing number of women Kannada writers in recent days.

Releasing a historical novel "Gangarasa Durvineetha" written by Smt. C. N. Jayalakshmi Devi, he said that while depicting the past it should be done in such manner that it would help the present society. The good values of the past should be portrayed well.

Dr. H. M. Nayak, Chairman of State Sahitya Akademi, said that the Kannada publishing industry was facing a crisis with lack of encouragement from the State Government.

Both the State Library Authority and the Education Department had stopped buying of books from the publishers While the Library Authority was buying 200 to 250 copies of a title, the Education Department used to buy 800-1000 copies for its libraries. Besides, the cost of paper in recent days had also gone up and as a result of all these, publishers were not forthcoming to bring out new books, he said.

Dr. Nayak revealed that the State Library had not even bought the Kannada Encyclopaedia which was being published by the Institute of KannadaStudies with financial assistance of the Government.

He expressed the hope that the Chief Minister would bestow his attention to this crisis and help improve the position.

Stir Threat By KSRTC Staff

Mysore, Jan. 2

The delegation headed by Sri S. K. Rahman, Divisional President, KSRTC Staff and Workers Association, pointed out that accidents were accidental and inevitable and the proposed step would create "unemployment, economic imbalance and distress to the drivers".

The highest and lowest temperatures ever recorded during this month are 32 degree C on Jan. 27, 1936 and 11.1 degree C on Jan. 23, 1974 and Jan. 28. 1953. The average relative humidity at 8-30 a.m. is 75 per cent and at 5-30 p.m. is 30 per cent. Sunny days and clear nights with about nine days of mist/haze and one day of fog early mornings is the general weather during this month. Wherever there is increase in wind speed in the mornings, chilly weather is likely to be experienced.

Ramana Maharishi

Mysore, Jan. 5

The teachings of the Saint Ramana Maharishi are nothing new. They are all contained in our religious texts. He gave a new orientation and offered good guidance to his disciples. He had acquired certain psychic powers which he used to alleviate the pain or suffering of his disciples, said Sri N. V. Subrahmanyam, retired Reader, Maharani's College while speaking at the Sarvabhasha Saraswathi Sangha here.

Ramana Maharishi never delivered sermons; he talked sparingly. He emphasised the need for personal effort on the part of the aspirant. Though divine grace and the benediction of the Guru of preceptor are necessary to attain spiritual bliss, individual effort is very essential. His benevolent attitude and spiritual greatness attracted many eminent foreign thinkers and scholars including Somerst Maugham, a poet laureate of England, He said

Earlier, Prof. M. V. Jambunathan, President of the Sangha welcomed the gathering. Sri Y. Subba Rao proposed a vote of thanks.

Resignation To Be Accepted Today

(From Our Correspondent)

Bangalore, Jan 6

Chief Minister Gundu Rao is returning here today from his Tamil Nadu tour and his immediate task would be to recommend to the Governor the resignation of Agriculture Minister S. Bangarappa for acceptance

Sri Bangarappa submitted his resignation to Congress (I) President Indira Gandhi in New Delhi yesterday.

Political repercussions are bound to take place in the State following Sri Bangarappa's resignation and the indications are already seen here. Reactions are likely in the ensuing Assembly also.

The summoning of the 18 day Assembly session was officially announced yesterday. The session commences on Jan. 28, the Governor addressing both the houses in a joint session. The second day is devoted for obituary reference and minor matters. On the third day, the new Speaker will be elected. The regular official business will commence from the next day. Fourteen days are set apart for official business and three days for non-official business. The session concludes on Feb. 17, according to the present schedule.

While the senior member, Sri M siyappa, has been named the temporary Speaker, speculation has started on the choice for the post. Prominent among the names being mentioned is that of Sri Harnahalli Ramaswamy, a former Congress (U) leader. The objection for his choice appears to be that he is one of those members who joined the Congress (I) recently. This might further strengthen the feelings of the 'honest' partymen who feel that they have been neglected by the Chief Minister, and also the moves of the dissidents.

Meanwhile, the Opposition leaders are busy planning their programmes of action,. While the labour leaders of the Public Sector Undertakings, which remain closed due to the employees' strike,have called forBangalore Bandh on Jan. 16,the Janata Party has given a call for observing protest day on Jan. 21 against the National Security Act and spiralling prices. The party's posters have started appearing at all important places.

Sl Sethu Rao Dies In Mishap

Mysore, Jan. 6

Sri L. Sethu Rao (4), a senior and well known Sub-Inspector of Lashkar Police Station, died in a freak accident near Jalapuri Police Circle, last night.

Sri Sethu Rao, who was proceeding to his home in the city bus, standing at the front door, fell down and sustained a fracture of his skull, when the bus suddenly took a turn at thePolice Circle, it is stated.

Sri Rao, who became unconscious, was immediately rushed to the K. R. Hospital where he succumbed to the injuries.

In the death of Sri Sethu Rao, the Mysore Police have lost an able and efficient Sub Inspector. He had saved two lives in the boat tragedy atTalkad during the Panchalinga Darshana. He was one of the police officers responsible for the detection of the Mysore Bank Robbery Case.

C-S Hopes Dasara Would Continue

Mysore, Jan 6

Chief Secretary N. Narasimha Rau expressed the confidence that the Dasara festivities, which were revived last year by the State Government,would be continued in the coming years with all pomp and pageantry.

Releasing "Kavya Navarathri", a book of collection of poems read at the Poets' Meet, organised in connection with the last year's Dasara, Sri Rau complimented the Dasara Festivities Committee headed by Divisional Commissioner B.R. Prabhakar and other officials and non-officials for organising the festivities on a grand scale.

He also released a commemorative issue on the Makkala Mela programmes conducted during the Dasara.

RepriedKannada poet Pu.Thi. Narasimhachar, who presided, urged the need for organising such festivities on a grand scale. Festivals reflected our great cultural traditions and they needed to be conducted in a befitting manner, he said.

Dr. H.M. Nayak, President of the Poets' Meet Organising Committee, made it clear that when they pleaded thatKannada should have pride of place in Karnataka they did not mean that other languages had no place at all. Kannadigas believed in the dictum "Sarvabhasha Saravathi".While Kannada should be the master of the house, the other languages should be the members of the family, he said.

Divisional Commissioner B.R. Prabhakar welcomed the gathering. Makkala Mela Committee President H.N. Ramathirtha proposed a vote of thanks.

THANKS
..... FOR A TRIPLE

Mark Twain, a famous writer charged 1 dollar for every word he wrote. A poor, old woman who could not afford his books sent him one dollar with a request to write down the one word that held above all others in the English language. He sent her a piece of paper inscribed with a single word. The word was THANKS.

Aravinda Parimala Works, Mysore, humbly bows its head for being singled out for the Award of 'TRISHUL', a recognition for a consecutive winning export performance, by Basic Chemicals, Pharmaceuticals & Cosmetic Export Promotion Council, Bombay (a wing of the Union Ministry of Commerce).

Many Injured In Police Lathi Charge

4 ADMITTED TO HOSPITAL

Mysore, Jan. 21

Over a dozen boys, many of them students, were injured, one of them seriously when police fired a teargas shell and resorted to lathi charge at Banumiah's College this afternoon.

Four of the injured, including a student of the Banumiah's College, who sustained serious head injury, have been admitted to the hospital.

The situation, which arose yesterday following clashes between some students and conductors, took an ugly turn this morning, when a large number of conductors, drivers and others assembled within the premises of the KSRTC City Bus Stand, armed with sharp instruments liks iron rods, fan belts and chains.

Inspite of the tight cardoning off of the bus stand by the police, the KSRTC men began to abuse boys passing on the road.

Meanwhile, students of Maharaja's and Yuvaraja's Colleges came in procession on the Ramavilas Road towards Sayaji Rao Road to proceed towards the Bus Stand. The students of JSS College also came out in procession from their college towards the KR Circle.

At the junction of Ramavilasa Road and Sayaji Rao Road, the police, including mounted guards, prevented the students from proceeding towards K R Circle. Some time later the slogan shouting students are reported to have hurled a few stones at the police. According to the police, a police van was damaged.

The police made lathi charge. They also entered the Banumiah's College compound and hit the students with lathis, resulting in head injuries. A tear gas shell was burst near the College Cycle Stand. The students who had taken shelter in the compound ran helter skelter.

Books, chappals were strewn in the college premises. Cycles motorcycles were damaged. Blood was seen on the ground in the cycle stand, when this reporter visited the place.

In the mean time, taking this oppurtunity, theKSRTC workers tried to proceed towards Banumiah's college. The police made a lathi charge and dispersed them.

The whole area wore a deserted look in the afternoon. Traffic was diverted on these roads. Heavy police bandobust continued.

Public were put to lot of hardship as KSRTC buses, both city and mofussil, did not operate for the second day. Instead, lorries and other vehicles were seen carrying passengers to far off places.

Banumiah's Educational Institutions President H. Kempe Gowad and Principal R. Subramanyan have strongly denounced the 'inhuman action' of the police.

Basavalingappa, Havanur, K.B. Shiviah To Desert Urs?

(From Our Correspondent)

Bangalore, Jan. 22

A group of leading Congress (U) legislators headed by Sri B. Basavalingappa are likely to cross over to the ruling Congress (I) party before the State Assembly session scheduled to commerce from Jan. 28

Besides Sri Basavalingappa, the other Congress (U) leaders expected to defect to the Congress (I) are Messrs K.B. Shivaiah from Mysore, former Minister Havanur, Nanaiah from Coorg and three or four other legislators.

After meeting the Prime Minister in Delhi, Sri Basavalingappa returned to Bangalore on Tuesday. He is meeting the pressmen today when he is likely to make the announcement.

The en masse defection by the Congress (U) leaders will put Congress (U) President Devaraj Urs's position at stake. The development might force him to resign from the post. It might also lead to interesting developments as Congress (U) will be replaced by the Janata Party as the Opposition Party in the State Legislature. However, the Janata Party will have to take the support of other party men like MES and one or two independents to get this position.

The present party position in the Assembly is : Congress-I 164, Congress-U 28, Janata-16, BJP 4, CPI 3, Republican Party, 1 Muslim League 1, Independents 6. Vacant 1. In the Council the strength is : Congress-I 22, Congress-U 13, BJP 4, Janata 3, Independents 5, Vacant 15.

15 Lakh People Expected For Mastakabhisheka

Mysore, Jan. 29

Elaborate arrangements to celebrate the spectacular Mahamastakabhisheka ceremony—the sacred head-anointing of the 57-foot high statue of Gomateswara—are going on briskly at Sravanabelagola, the famous Jain pilgrim centre, 89 km from Mysore.

Divisional Commissioner B. R. Prabhakar, accompanied a party of pressmen fromMysore,who visited Sravanabelagola on Jan. 23, told that the overall expenditure for the historic ceremony to coincide with 1000th year of the installation of the statue is Rs 4.1 crores.

The Government is providing accommodation for about one lakh people by pitching tents in an area of 315 acres. The area is divided into 11 satellite towns, consisting of different categories of rooms, tents and 200 dormitories.

Instead of bamboo scaffolding, as on previous Mahamastakabhishekas, special type of scaffolding is being erected on the back side of the statue to perform the rituals.

Religious pooja will start from Feb. 9 and will be conducted till March 14. The actual sacred ceremony of head anointing will commence at 8 a.m. on Feb. 22. 1008 pots of sacred water are poured over the head of Lord Bahubali, followed by the ritual bathing of the statue with milk, ghee, curds,silver and gold coins, flowers, vermillion, saffron and sandalwood. About 15 lakhs of people are expected from all over the country and abroad, he said.

Government of India is providing special allotment of food grains and essential commodities. The State Forest Department is arranging supply of fuel for cooking. About 25-30 retail fair price shops, fuel depots, and milk booths will be opened.

The arrangements will include close-circuit TV, post offices, health centres, six mobile clinics, and traffic control. About 400 special KSRTC buses and additional train services will be arranged.

Prime Minister Indira Gandhi and other VIPs are likely to witness the Mahamastakabhisheka, Sri Prabhakar added.

Export Achievement Of Aravinda Praised

Mysore, Feb. 2

The great strides made by Mysore's famous Aravinda Parimala Works were praised at a function got up by the Canara Bank at Lalitha Mahal Palace Hotel yesterday.

The Bank felicitated Messrs H. S. Rao, H. N. Ramathirtha and R. Nagarajan of the firm on their winning the coveted 'Trishul' award for their outstanding export performance last year.

Sri K. S. Rao, Bank's General Manager, who presided, underlined the importance of increasing exports. The famous saying of Sir M. Visvesvaraya "Industrialise or Perish" had to be modified as "manufacture, export or perish", under the present difficult foreign exchange reserves, he said.

Sri K. S. Kamath, Deputy General Manager, said Aravinda Parimala Works had achieved the unique feat of winning the 'Trishul' award. Canara Bank had thrived on the goodwill of firms and customers like Aravinda Parimala Works.

Sri F. K. Irani, Managing Director, Ideal Jawa, described the function where the Bank was honouring its customer as unique one. Besides bringing the much wanted foreign exchange to the country, Aravinpa Parimala Works had spread the name of Mysore across the world, he said.

Thanking for the honour, Sri Ramathirtha said that the Government of India should come forward in a greater measure to encourage exports by reducing company tax, giving tax holidays for new industries.

Divisional Manager B. P. Kamath welcomed the invitees. Sri B.N R. Pai, Chamar ji Mohalla Branch Manager, proposed a vote of thanks.

KSRTC LOSS 13.16 CRORES

(From Our Correspondent)

Bangalore, Feb. 6

The LegislatureCommittee Report on revision of KSRTC bus-fares, as presented to the House by the Transport Minister yesterday, reveals that the total loss of the KSRTC in 1980-81 is Rs 13.16 crores.

Proposed revision of fares in mofussil areas will yield only Rs 2 crores. The committee has therefore feit that the fare revision was necessary as it effected only ordinary services and city services beyond tenth stage

The committee has observed that no further revision should be resorted to in the near future, unless there was substantial increase in prices of diesel or tyres.

It has also made many suggestions to improve the operation of buses and they include introduction of an incentive scheme for conductors as in Madras, steps to maintain discipline and reduce cost of operations. After this report, the Government have revised the rates and they have come into effect.

Nayudamma Suggests National Resources Corps

Mysore, Feb. 7

Prof. Y. Nayudamma, noted scientist, suggested here today the setting up of a National Resources Corps on the lines of the Peace Corps in the country.

Delivering the 61st Convocation address of the Mysore University in Crawford Hall today, he said that the National Resources Corps could bring about a quiet revolution and become an instrument of social change.

The corps should take up various notional tasks like resources survey, generation, mobilisation and utilisation ; preparation and implementation of plans, programmes and projects, technology transfer, consultancy and extension services ; popularisation of science and scientific attitudes ; and for making self-reliance as a mass movement stressing competence, character, integrity, quality and excellence.

Prof. Nayudamma also pleaded for a well considered national policy for the export and import of talents, getting Indians abroad and making use of Indians abroad for starting trade and industries in India.

Congratulating the new graduates, the former CSIR Chief said the nation today faced a crisis of character, of courage, confidence and of purpose. Every crisis posed a challenge and every challenge an opportunity. Here was the opportunity for the educated youth to take up this challenge and change the course.

Basis Of Divine Power Explained

Mysore Feb. 7

Man is possessed of immense power and ability, but he does not realise this fact. The Ashtavakra Gita explains the quintessence of this power, the key to which is sacrifice. The person who manifests a sense of sacrifice will acquire spiritual power and will be able to enjoy happiness in life, said Sri M. Nanjundaswamy, Advocate, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

We must know that God is omniscient and omnipotent. He doesn't need or expect anything from us. We have only to offer our obeisance to Him accepting Him as the Supreme Lord who is ever solicitous of welfare, he said.

Earlier, Prof. M. V. Jambunathan, President of the Sangha welcomed the gathering. Sri R. Krishnaswami proposed a vote of thanks.

INDIA SCORES HISTORIC VICTORY

Wins Third Test : Retains Rubber

India scored a historic 59-run victory over Australia in the third and final Test at Melbourne today, and,for the first time in the history of Indian cricket, it squared up the series on Australian soil.

Australia, who needed 143 runs to win the third Test were all out for 83—their lowest score against India.

India's hero was pace-man Kapil Dev, who despite a muscle injury, grabbed 5 for 28 off 16.4 overs. Dilip Doshi and Karsan Ghavri took two wickets each.

Only two of the Australian batsmen reached double figures.

India has retained the rubber had won in the earlier series played in India.

Restructure Social Order, Haksar

Mysore, Feb. 11

Unless India restructured its social and economic order it will have no future, warned Prof. P. N. Haksar, former Deputy Chairman of the Planning Commission, here on Monday.

Delivering a special lecture on "India and the World—Past, Present and Future", under the auspices of Mysore University Prasaranga, Prof. Haksar called for immediate steps to remove social inequality. Citing the example of Japan, he said Japan could achieve tremendous progress because as a nation it had stood united. The diversity that is seen in India should not come in the way of progress. On the other hand, it should be woven into a pattern that goes well for the country, he said.

Besides reducing the gap of inequality, the another important task that needed attention was the concentration of wealth in the hands of a few. "Out of 700 million people, 500 do not have a stake in property in the country" The "vulgar disply of wealth" should end and the gap between the haves and have-nots shoul be bridged he said.

Finally, there could be no future unless the country renewed its thinking processes and make use of the science and technological advancement, Prof. Haksar said.

Vice-Chancellor K. S. Hegde presided. Dr. S Prabhu Shankar, Director of Prasaranga, welcomed the gathering.

SITES FOR SLUM DWELLERS

CONGRESS-U LEAD AGITATION

Mysore, Feb 17

The City Congress-U has launched an agitation from yesterday under the leadership of Sri T. V. Srinivasa Rao to press the City Improvement Trust Board to provide sites to slum dwellers in the city.

At a news conference this morning, City Congress-U Committee Persident D. Jayadevaraje Urs, MLA, and Sri Srinivasa Rao said that 67 slum dwellers residing in Yadavagiri in three private sites took out a procession yesterday to the CITB.

They presented a memorandum to Board Chairman and Divisional Commissioner B. R. Prabhakar. They also pointed out that their repeated requests to the Board had gone unheeded. The Chairman assured that efforts would be made to provide them suitable sites within one month, he said.

The procession was led by Messrs Srinivasa Rao, Jayadevaraje Urs, V. Vasu and Parashivamurthy.

Sri Rao told newsmen that about 30,000 families were living in 20 slums in the city. A suggestion had been made to the CITB to conduct a census of these slum dwellers with the help of stipendary graduates for providing alternative accommodation. But no action had been taken so far.

If the CITB authorities failed to take action within three months, the slum dwellers would go and occupy the sites resumed by the Board and lying vacant in the city.

Sri Urs pointed out that the Trust Board had resumed about 2,000 sites which had been allotted illegally and indiscriminately. Those sites should be converted into smaller sites and allotted to the slum dwellers.

HIKE IN RAIL FARES, FREIGHT

53 CRORE DEFICIT RAIL BUDGET

A wide range increase in rail fares and freight rates has been proposed in the 1981-82 Railway Budget presented to the Lok Sabha by Railway Minister Kedar Pandey today.

The increase in fares and freights will be between 10 and 15 per cent over the existing rates. The new rates will take effect from April 1

A surcharge of 15% for AC First Class, 12.5% for FirstClass and 10% for AC Chair Car and also for II Class Mail, Express as well as Ordinary trains are proposed.

While there will be a flat 10 per cent surcharge over the existing rates for all luggage and parcel traffic, in the case of fares, there will be no increase in monthly season tickets, but the wide ranging measures will cover also the reservation, sleeper, superfast train and cloak room charges.

Mysore, Feb. 21

The Brahmin Youth Organisation here has strongly protested against certain portions of the Tamil film "Savithri" and urged the theatre owners not to screen it.

MNV Finds Task Challenging

Mysore, Feb. 21

The conditions in Bangalore University were none too happy, Bangalore University Vice-Chancellor Dr. M. N. Viswanathiah regretted here yesterday.

Speaking at a function organised by the staff of Manasa Gangotri to felicitate him on his elevation to the post of the Vice-Chancellor from the Professorship of the Department of Geology, Manasa Gangotri, Dr. Vishwanathiah said that his experience over the last few days had made him to realise the gravity of the situation there.

The congratulatory letters he had received on his appointment did not speak of the Bangalore University in flattering terms. This was the opinion the Bangalore University had gained over the last few years, unlike the Mysore University, where the atmosphere was very good and the Vice-Chancellor had no problem whatsoever, compared to its sister university in Bangalore.

Having accepted the responsibility, Dr. Viswanathiah made it clear that he would not retrace his steps, but would strive hard to develop the Bangalore University on the noble traditions of his home university of Mysore. "It is a difficult task. I will endeavour to do it", he said.

Vice-Chancellor K. S. Hegde, who presided, said 1980 81 was an eventful year for the Mysore University as two of its professors, Prof. B. Sheik Ali and Dr. M. N. Viswanathiah, had been appointed as Vice-Chancellors.

He expressed his confidence that Dr. Viswanathiah would be able to give a new dimension to the Bangalore University.

Drs. T. Ramaiah, Head of Bio-Chemistry Department, Dr. N. B Krishna Murthy, Head of Zoology Department, Prof. L. Leelananda Rao, Visiting Professor of Madras University, eulogised the services of Dr. Viswanathiah. Dr. Devaraj Sarkar, Professor of Zoology, proposed a vote of thanks.

5 Lakh Witness Colourful Mastakabhisheka

Mysore, Feb. 23

The great spectacle of Mahamastakabhisheka of the colossus of Sravanabelagola - Gommateswara - was witnessed by a huge gathering of over five lakhs in the famous Jain pilgrim centre yesterday.

While hundreds of people, including Ministers and members of State Legislature and Jain devotees who had bought the Abhisheka, vessels, sat on the platforms raised on all the three sides of statue, on sacred hill of Vindyagiri, thousands of people witnessed the celebrations from the opposite Chandragiri Hills, occupying all vantage points.

Besides, a large number of people also witnessed the grand ceremony through a number of TV sets installed at different places in the town and in the new townships that have been raised for the Mahamastakabhisheka.

The day's ceremonies began at 6 a.m. with 'Kalasha Sthapana'. Around 8-30 a.m., the anointing ceremony began. Calcutta businessman Pannalal Rattanlal Gangawal had the honour of pouring on the statue holy water from the first of 1008 Kalashas kept in front of the Bahubali statue. He and nine others had bid the the first Kalasha for Rs one lakh. From then on, the Jain devotees, who had bought the Kalashas in auction, began to climb up the scaffolding one after another in an orderly manner and performed theAbisheka. The emptying of 1008 Kalashas took more than four hours and around 1 p.m. the pouring of Panchamrithas and other holy waters began.

After the pouring of holy water from 1008 vessels, which even did not bathe head and shoulders of the colossal statue, the Abisheka from coconut water, sugar cane juice, ghee, milk, curds, sandal, turmeric, flowers, coins and other items began.

The Abhisheka of Gommateswara from these colurful items was a grand spectacle which raised great devotion and awe among the devotees present there. A Japanese cameraman remarked "It is a sight for Gods". Another remarked "A wonderful sight, I have never seen before in my life".

As the holy waters in splendid colours desended down the 57-foot statue of Gommateswara, from the head down to the foot, the features on the face became clear and his benevolent smile cast a charm over the large number of devotees witnessing the ceremony. The wind blowing from east to west of the statue carried the holy waters and drenched men and women who were standing on the raised platform. They went into ecstacy and began chanting and dancing.

There was a near stampede at the gateway to the outer enclosure as devotees returning from the hill and those climbing up began pushing each other.

Allopaths Appointed For Ayurveda Posts

Mysore, Feb. 24

A case of appointment of allopathic doctors in place of Ayurvedic doctors for the Ayurvedic dispensaries run by the Nanjangud Taluk Development Board is reported.

According to Dr.P.R.Sitaram, President of theAyurveda Prachara Parishat,under the Nanjangud TDB a few vacancies occurred as a consequent of retirement of a few Ayurvedic medical doctors.

These dispensaries have been declared, maintained and run as Ayurvedic dispensaries all these years. Even the State Cabinet has approved these as Ayurvedic dispensaries. But, either by oversight or misadventure, the Board has appointed allopathic doctors, he said.

Dr. Sitaram said the Taluk Board's action in appointing allopaths to these Ayurvedic dispensaries projected a scene of anti-climax. Many Ayurvedic un-employed doctors were flaborghasted by this attitude of a few.

In letters addressed to theChief Minister and the Health Minister he has appealed to them to take serious cognisance of the situation and appoint Ayurvedic doctors to these vacancies.

God - Realisation

Mysore, Feb. 24

It it is said that God is omnipresent and that he lives in the heart of every body. The realisation of this fact comes only to a few. Complete faith in God and constant meditation would help one to acquire God's grace. Those who are in affluent circumstances seldom remember that they owe their position to God's beneficence, and become ungrateful.

These who are in a sad prodicament or in distress usually think of God and offer their prayers to God, said Sri D. V. Narayana Rao, retired Accounts Officer, KEB, while speaking at the Sarvabhasha Saraswathi Sangha here recently.

Jagannatha Das who was known in his earlier days as Srinisavacharya was a learned man who thought too much of himself and was in the habit of deriding others. He berated the greatness of a Vedic scholar Gopala Das, a contemporary of his, but later on recognised his greatness and became his disciple changing his name to Jagannatha Das, he said.

Prof. M. V. Jambunathan welcomed the gathering.

Writer-Language Relationship

Mysore, March 2

"Experience of meaning of words is evaluation of life. Writers challenge our imagination with the special uses of single words", Prof C. D. Narasimhaiah, retired Professor & Head of Department of English, Manasa Gangotri, said on Saturday.

Delivering the valedictory address of the workshop on lexicography and seminar on aspects of testing and evaluation in language education at the Central Institute of Indian Languages, he said that writers had a tough time in the use of right words in the right context inspite of their erudition. The relationship between a writer and the language was one of courtship and each challenged the other. Language was more a vehicle for evocation and not communication.

CIIL Director Dr. D.P. Pattanayak, who presided, said that the urgent need was to develop decentralised and indigenous tools for testing in languages.

CIIL Deputy Director Dr. Francis Ekka welcomed. Dr.R.A. Singh and Sri K. Viswanatham presented reports. SRLC Principal Dr. K.V.V.L.Narasimha Rao proposed a vote of thanks.

"EMPTY CHAIRS, FISH MARKET"

CM's Surprise Visit

Mysore, March 6

Chief Minister Gundu Rao yesterday paid surprise visits to the City Corporation, City Improvement Trust Board, Deputy Commissioner's Office, Lashkar Police Station and the Regional Transport Office.

The Chief Minister, with DIG (Intelligence) Karthikeyan and Information & Publicity Director Vijay Sasnur, and a party of pressmen from Bangalore, drove straight from Bangalore to the Corporation Office around 10-45 a.m.

No one knew that Chief Minister had arrived. He came incognito in an imported Fiat car, instead of his big imported Benz. There was no police escort jeep also in the front of the half a dozen cars. Even the Bangalore newsmen had been told that they would taken "outstation" for a day.

While entering into the Corporation Office, he peeped into the Health Section, there was not a single official there. The Health Officer rushed to the hall and tried to explain the total absence of his staff. But the Chief Minister was not convinced.

The position was slightly better at the Revenue Department, where out of 120 officials only 11 had signed the attendance register.

As Administrator H.K. Shivananda has gone abroad. Sri Rao was received by Commissioner A.M. Quaiser. The Chief Minister took strong exception to the desolate look the offices provided.

Then, in the chambers of the Commissioner, Sri Rao reviewed the administration. He asked for a progress report on the tax collections. "You go a step out of the way to give facilities to the public, I will not mind. But while collecting tax dues, do not leave any one", he said. "I am coming again, to see the position", he told Sri Quaiser.

After spending about 70 minutes there, he went to the Trust Board. At the Land Acquisition Office, he instructed officers to make the houses ready for occupation within a month.

From there he went to the Deputy Commissioner's office and walked straight into the Food Assistant'sOffice which was crowded with persons. Members of the public vied with one another to complain to him about the irregularities there. A Government official complained that he was getting a "callous treatment" from the staff. "This is just like a fish-market", he complained and Sri Rao, later speaking to Deputy Commissioner Krishna Kumar, agreed with the remarks of the petitioner.

At the Lashkar Police Station, he saw a "private man", typing there. The next place to be visited was RTO's office. The auto-rickshaw drivers there complained of harrassment. Bribes were being demanded from them for licences, they said.

After his nearly 240-minute surprise visits to these Government Offices, Sri Rao later left for Bangalore.

149 SHOPS GUTTED IN MARKET FIRE

20-LAKH LOSS - NO LOSS OF LIFE

Mysore, March 25

An entire block of 149 shops was totally gutted and an estimated property worth Rs 20 Lakhs was destroyed in Mysore City's one of the worst fire disasters in the Devaraja Market last night.

Although the fire raged for about four hours, there was no loss of life. Surprisingly there was not even a case of major injury and all the reports of deaths in the fire mishap were completely baseless, said a senior police officer this morning.

According to eye witnesses sparks were first seen in Sri Hussain Sab's shop, a grinder, at about 6-40 p.m. in the central block. They were due to a short circuit in the meter board. The fire immediately spread to the electric wiring in the roof which connected all the shops in that row.

Within no time the fire spread to the neighbouring bangle store of one Lalithamma. From there it spread to a plastic shop and within minutes the entire row of shops was caught in fire, it is stated.

People and shop keepers immediately ran to safety shouting "Fire", "Fire" and, before it could spread to the entire block, all the people had fled from there.

Around 7 05 p.m. three fire engines from both the fire stations in the city came to the spot. One engine of the Railways which came there was found useless. By then the fire had spread to the entire middle block of six rows of Masala,jaggery and bangle shops, petty shops selling wooden and plastic articles, flowers, fruits, bananas and coconut shops. Only one row of coconuts shops attached to the Devaraja Market wall towards Sayaji Rao Road was not affected.

By about 7 30 p.m., the fire had reached its fully fury and the column of smoke and fire was visible to even far off places.

Soon after the fire began, the power supply to the area was stopped and the ElectricityBoard rushed search lights to the area.

Adjacent shop keepers both inside the market and outside towards the Sayaji Rao Road were seen removing all their goods hastily as the fire spread.

Shop owners, police officers, home guards a large number of youth joined the fire fighting men in trying to control the fire. The operations were supervised by DIG S.N.S. Murthy and SP L. Revannasiddaiah. Deputy Commissioner Krishna Kumar, who was on his way to Periyapatna, saw the flames from Bilikere, about 18 kms away. He returned from there and drove straight to the Market.

The news of the fire disaster spread and people began rushing towards the fashionable Sayaji Rao Road. Police had a tough time in controlling the crowds and they chasad them away many a times.

In about two and half hours the fire was brought under control. The fire men had a hard time in controlling the fire as it was difficult to reach the interior portions. With the containing of the fire to the central block, it was possible to prevent its spreading to the vegetable section in the rear side and the fruit block in the front.

Around 11 p.m., the fire was brought under full control. Firemen were seen entering into the places what was originally a congested shopping area in the market and extinguishing whatever the little fire that was still there.

The loss to the City Corporation is estimated around Rs 10 lakhs and to the shop keepers about Rs 10 lakhs.

A visit to the affected area this morning revealed burnt out coconuts bananas, onions, potatoes and even some currency notes. Smoke was still emanating from some of these fruits and vegetables.

The entire market is closed for the public and the police have cardoned off the area. No traffic is being allowed on the Sayaji Rao Road.

Relief & Rehabilitation

Mysore, March 25

Urban Development Minister Dharam Singh, who visited the Devaraja Market this morning, announced that top priority would be given to provide relief and rehabilitation to the fire victims.

Temporary structures would be provided within a month, after clearing the debris. The Chief Minister was likely to make a statement in the Assembly today and announce compensation to the shop owners, he said.

51 mm Rainfall In March

(D. Krishna Rao)

Mysore, April 1

Mysore City observatory recorded a total rainfall of 51 mm last month and this has been the highest for March since 1961. The all time record is 89.4 mm in March 1923. In March 1960, 64.7 mm rain fell.

During this month, the day and night temperatures will further rise and this is the hottest month of the year. The average of the daily maximum temperatures is 34 degree C and the average of the daily minimum is 21.4 degree C. The extremes are 39.4 degree C on April 4, 1917 and 15.5 degree C on 27th April 1971. The average relative humidity at 8-30 a.m. is 75% and 34% at 5-30 p.m.

With incursion of moisture from the seas, humidity increases and coupled with high day temperatures, convective clouds develop and thundershowers will occur during late afternoon and evening. Some of them may be accompanied by hail. The average rainfall is 63.5 mm and the number of days of thunder is eight. The highest rainfall ever recorded in April is 176.3 mm in 1921. During the last four years, rainfall recorded in April was 110.6 mm in 1977, 26.1 mm in 1978, 67.8 mm in 1979 and 93 mm in 1980.

A noteworthy feature of the rainfall associated with thunder and lightning is the varying amounts falling within short distances of 1—2 kms. A few thunderstorms may be accompanied by squalls (sudden rise of wind speed, usually accompanied by sharp fall of temperature and lasting for short periods) with windspeeds of the order of 70 to 100 kmph.

Mysore, April 6

The Geetha Pravachana by Srirangam Andavan Asthan Vidwan Sri Srinivasadesikacharya, organised by the Adikarnataka Mahasamsthe, at Asokapuram Ambedkar Park, from March 22, was discontinued from March 28, following protests by some youths.

It may be recalled that the discourse had been inaugurated by Law Minister Y. Ramakrishna, under the chairmanship of Social Welfare Minister P. Venkataramana.

Some youths, claiming themselves as "Rationalists" are reported to have obstructed the programmes. They are also reported to have protested against the recitation of Bhagavad Gita, which was "opposed" by Dr. B. R. Ambedkar as "it propagated Varnashrama Dharma". They also stated to have threatened to burn the Bhagavad Gita.

Mahasamsthe President K. Siddiah said in a press note that the organisation was not responsible for the "mischievous propaganda" created by some people.

Suit Against Varsity Decreed

Mysore, April 6

Sri J.G. Desai, Judge of Small Causes Court, has decreed a suit against the MysoreUniversity, on March 23, forRs 1.500 with proportionate costs.

The suit was filed by Sri Kowlagi Seshachar, who was entrusted by the Institute of Kannada Studies, the translation of Prof. Hiriyanna's book "Outlines of Indian Philosophy" into Kannada. The Institute Director Dr. H M. Nayak had agreed that a 10% royalty on the face value of the book would be paid to the plaintiff, after publication of the translation.

However, after getting only 20 pages out of nearly 500-page manuscript reviewed by a person in the Translation Department of the Institute and also by one Sri K. V. Srinivasa Tatacharya, the Director had rejected the translation on the ground that it was in some respect imperfect.

The plaintiff protested against the action of the Director and sought to clarify to him that the translation did no suffer any such infirmities as would deserve total rejection for publication. His appeal for reconsideration was rejected. Hence, the plaintiff sued the University for recovery of Rs 1,500 as remuneration and Rs 500 as compensation for loss of reputation.

In his judgment, the Judge observed that Dr. Nayak had no right of rejection of the translation. There was breach of contract on his part, could not be a beneficiary of his own omission, had tested the translation perfunctorily, and had ignored the principle of natural justice. His rejection of the translation was improper, unjustified and an error of judgment. The selection of the second reviewer was highly improper.

The judge, however, rejected the petitioner's plea for compensation.

Mysore, April 6

Now Sri F. M. Khan had assumed responsibility for constructing the shops, upsetting the plans of the City Corporation. The Congress-I was playing politics on "burial" land, Sri Ramanna charged.

S. T. ON SILKS OPPOSED

Dealers Observe Token Strike

Mysore, April 7

Over 40 silk cloth dealers in the city closed down their shops today to protest against the levy of two per cent sales tax on handloom silks and four per cent sales tax on power loom silks in the State.

Addressing a news conference, Messrs M. V. Bhojiah, Raja Rao and A. R. Viswanatha Setty said that the levy of sales tax on silks would hit hard the silk business in the State.

Sri Bhojiah said that the Government was already collecting 15 per cent of tax on silk at various stages. Although the Government proclaimed often that it was interested in developing sericulture, it had imposed additional tax in the recent budget.

Sri Raja Rao suggested imposition of tax on turn-over instead of collecting sales tax at various points on different varieties of textiles.

Sri Viswanatha Setty pointed out that no other State had levied sales tax on handloom. The Tamil Nadu Government, on the other hand, was selling handloom silk at reduction rates on special occasions.

They demanded that the Government should immediately withdraw the new levy.

CHURCH PROPERTY: CLANDESTINE DEALS?

Sir,-It is an undisputed fact that Christians all over the world are considered pioneers in the field of establishing educational institutions and hospitals. Service to humanity is service to God was the real motto of the early protestant Christians. Foreign missionaries established churches,hospitals,schools, boarding homes in the city of Mysore on the lands given as gratis mostly by the then benevolent rulers.

These institutions started with the purpose of providing of education and medical aid to the general public are now being converted into commercial concerns. Service to humanity has disappeared. The lands gifted for establishing schools, hospitals and boarding homes to serve the general public had no market value. But now the market value have gone high beyond ones imagination. Therefore, it is found profitable by some of the administrative authorities of these institutions to convert these institutions into commercial concerns, forgetting the aim with which they were started by the far-sighted missionaries.

Thousands of girl students have passed out of Victoria GirlsSchool,situated in the centre of Mysore City. Hardly we find any Mysorean who has not heard the name of this school and not seen the architectural work of the building.

The school premises has now been leased out to a third party for a period of 40 years In the International Year for Children a multi-storied building has come up there, converting the school into a black hole of Calcutta Further, the Committee, which is the custodian of the immovable properties situated in the City, has gone one step further to shift the school from the present building. Apart from this, it is reliably learnt that there is a move to dispose of the following properties (i) a School building situated opposite to Farooquia High School, Tilak Nagar; (ii) a Tamil School building situated in Vani Vilasa Road, near RTO Office; (iii) vacant site measuring 100 x 140, Gandhinagar; (iv) a School Building (Gumchi) near CPC Polytechnic; (v) a School building next to Sawday Memorial Church, Tilak Nagar.

Hence, it is requested the co-operation of the citizens of Mysore in general and Protestant Christian Community in particular to protest against shifting of the Victoria School from the present premises and sale or otherwise of the building as well as other properties mentioned above gifted to this community for public use.

Toe Special Deputy Commissioner, Mysore District, has also been appealed not to grant permission for the sale of any immovable property belonging to the Protestant Christian Community.

NO NEW LEVIES IN CIVIC BUDGET

Mysore, April 9

No fresh levies or increase in existing taxes are proposed in the Rs 4.99 crore 1981-82 budget of the Mysore City Corporation.

Administrator H.K. Shivananda told newsmen this morning that while a revenue of Rs 4.42 lakhs was anticipated for the coming year, the proposed expenditure was Rs 4.99 crores. There would be a surplus of Rs 2.77 lakhs, taking into consideration the opening balance of Rs 5.9 lakhs.

While a reimbursement of Rs 1.10 crores in place of octroi and Rs 43 lakhs from entertainment tax was expected from theState Government, the anticipated income from mohtarffa would be Rs 70 lakhs, and from water rate Rs 30 lakhs, he said.

The proposed items of expenditure include Rs 1 crore for water supply maintenance, Rs 4 lakhs for improvement of street lighting and Rs 12 lakhs for their maintenance, Rs 3.5 lakhs for gardents and parks, Rs 50 lakhs for public works.

Under 18 per cent money to be spent for welfare of Harijans, Rs 16 lakhs were provided and the works proposed to be taken up included community hall at Kumbarkoppal, electrification of Harijan houses (Rs 2 lakh), hostel building for students, additional class rooms at Ashokapuram and Gandhi Nagar.

RECORD TAX COLLECTION: Sri Shivananda said that following an intensive drive a record amount of Rs 15 lakhs was collected under house tax and water tax during March, bringing the total collection during 1980-81 to a record Rs 1.16 crores, Rs 12 lakhs more than the previous year. This would still leave a tax arrears of Rs 2.23 crores.

HEALTH LICENCES: In a similar drive for renewal of health licences, 2,100 licences were renewed. Still 600 licences needed to be renewed.

AMBEDKAR PARK: The lighting of Ambedkar Park would be completed before April 14. The installation of Dr. Ambedkar's life size statue would, however, take some more time.

STREET LIGHTS: As an experimental measure, bulbs in some street lights had been replaced with 150 watt bulbs. If they last long, all the street lights would be provided with bulbs of 150 250 watts, he said.

Orderly Growth Of City Vital

—Prabhakar

Mysore, April 13

It is time to develop a new ethos of small is beautiful even in respect of towns and cities, Divisional Commissioner B. R. Prabhakar said on Saturday.

Inaugurating the one-day seminar on "We And Our City" at the Institution of Engineers, he said it was common experience that at a certain stage, growth of cities got out of hand and planners or administrators had very little control over how the city developed.

Mysore, inspite of its growth in population and size and commercial and industrial activity, had not lost the title of a paradise for peace-loving people. Compared to many up-coming cities in the country, it had still retained some of its old-world charm.

But now an apprehension had arisen in the minds of the lovers of Mysore City whether the coming broad gauge line between Mysore and Bangalore would destory its old charm and make Mysore a heartless industrial city with all the attendent evils, he said.

While there was general happiness about the fulfilment of a long cherished ambition, there was also an apprehension about the future, about the prospect of drastic changes in style and pace of living that it might bring about. It was not easy to predict the future style of life. Lot of things might happen and there was very little or administrative or legal powers to prevent these things from happening, Sri Prabhakar said.

The Divisional Commissioner pleaded for very firm and decisive legal and administrative measures to bring about an orderly growth of Mysore City. Unless these steps were taken all of us would be witnesses to the conversion of the city from a peaceful orderly town into a reckless over-grown industrial slum, he warned.

He suggested limiting the development of the city to the outline development plan drawn up by the Planning Department.

Sri Prabhakar also suggested limiting the city's population to 15 lakhs by the end of this century, issuing licence to only such industries which do not give rise to uncontrollable atmospheric and surface pollution, developing satellite towns around the city, and deliberate planning to retain the charm of Mysore primarily as a place of tourist attraction and educational activity.

Sri F. K. Irani, Managing Director, Ideal Jawa, who presided, said that licences to new industries should be minimised in order to control pollution.

Prof. M. H. Dhananjaya welcomed. Sri Munikrishna proposed a vote of thanks.

Dt. Police To Be Revamped

Mysore, April 14

Proposals for reorganisation of the District and the City Police are under active consideration, Deputy Inspector General of Police S.N.S. Murthy said on Saturday.

Participating in the seminar on "We And Our City", Sri Murthy said that the proposals would be submitted to the Inspector General of Police "any time now".

He said the broad pattern of reorganisation would consist of augmentation of the staff of the existing police stations creation of additional police stations, establishment of atleast two additional traffic police stations, creation of additional police circles and possibly an additional sub divisional office for the city and further strengthening of the communication and the mobility of the force and of the District Armed Reserve.

There was also a proposal to double the present strength of the historic Mounted Company. The question as to whether the city would benefit by going under a Commissioner of Police in contrast with the existing set up is also being actively studied, Sri Murthy said.

The DIG added that the idea behind the net effect of all these proposals was to strengthen the city police to cope effectively with growing and complex problems of law and order, crime and traffic management in the city. If the regoranisation proposals found acceptance, he felt that the citizens of Mysore could confidently expect effective policing of their city through the rest of the decade.

Administration in Ancient Karnataka

Mysore, April 18

The administrative system in ancient Karnataka had some special features. The kingdom was divided into Mandala or provinces, each under a feudal lord or Mandaleswara. Each village had a head known as Nada Gowda or Heggade, with an elected body called Mahajana or Panchayat. Each province and each village had a number assigned to it,such as Banavasi 12,000, Belavala 300, said Sri Madhava N. Katti, Superintending Epigraphist, Govt. of India while speaking at the Sarvabhasha Saraswathi Sangha here recently.

The queens of Karnataka were actually associated with the administration of the kingdom. Queen Lakshmi Devi actually ruled over Banavasi, 12,000. The conquering kings did not destroy the capital cities of the kingdoms they vanquished and in deed preserved the art treasures etc, he said.

Prof. M.V. Jambunathan, Predent of the Sangha welcomed the gathering. Sri B. Anantharamiyengar proposed a vote of thanks.

A Unique Industrial Complex

Mysore, April 21

The nucleus of a unique industrial complex, exclusively for food based industries, has sprung up in Mysore recently as a result of the Karnataka Government's drive to develop entrepreneurial skill in the State.

Karnataka is the first State in India to come up with the novel concept of establishing specialised industrial estates for manufacture of food and related products.

Some of the units which have already been established are concerned with the production of egg albumen flakes, fungal enzymes, papain, instant mixes, and food machinery based on CFTRI know-how, providing the nucleus for the development of the industrial complex

Near this industrial complex, two units have come up, one for production of energy food and the other for tamarind juice concentrate, both with CFTRI technology and expertise.

The plan for establishing the food industrial complex took final shape during 1977-78 as a result of the coordinated efforts of the Technical Consultancy Organisation of Karnataka (TECSOK) and Karnataka State Financial Corporation in consultaion with CFTRI Allround coordination of the entire work involving a number of agencies has been provided by TECSOK.

CTTRI identified 24 projects and prepared pre-investment profiles and subsequently detailed project report for starting them. Actual market reports for these projects were prepared by TECSOK. The responsibility for developing industrial plots in an area of 25 acres at Metagalli, in the vicinity of Mysore City, was borne by the Karnataka Industrial Area Development Board. Entrepreneurs were identified by a committee consisting of representatives of various organisations involved in the development of the complex. CFTRI has been playing a vital role by way of providing technical assistance to the entrepreneurs in selection of equipments, erection and commissioning of plants, training of personnel, and in quality control.

The projects selected for the industrial complex include, besides the units that have already been set up, production of dehydrated fruits and vegetables,fruit juice and concentrate, fruit bars, spices and spice mixtures, tamarind juice concentrate, garlic powder and edible groundnut flour

When all the units start functioning in the course of next few years, this industrial complex should serve as a model for other States to follow.

Anomaly In Cement Distribution

Sir, It is highly shocking that the allotment power of cement is vested in the Deputy Commissioner.

The licence for construction of building and sraucture is issued by the Corporation or the concerned Municipality.

But the Revene officials wield the discretionary power of sanctioning cement.

This procedure is time-consuming, irregular and irritating to actual consumers.

Though the cement quota is handled by the Department of Civil Supplies, the Food Inspector is authorised to inspect the construction of allottee's houses.

This discrepency must be rectified forthwith. It is generally found that the food Inspectors adopt harassing attitudes.

It should be appropriate if the licensing authority of constructions i.e., the Exceutiv Engineer of the concerned Municipal body, is duly authorised to allot the cement as he will be the better judge of the actual needs of the consumer.

Immediately the Lakshmipuram Police were informed and Mallesh was taken into custody. He was produced before the court and has been remanded to judicial custody till April 25. Chaduranga's New Novel Released

Mysore, April 22

Chaduranga was among the only few Kannada writers who moved with the literary trends in Kannada literature, Dr. U.R. Anantha Murthy said yesterday.

Releasing "Vaishaka", tha latest Kannada novel of Chanduranga (SriSubramanyaraje Urs), Dr. Murthy said Chaduranga had come out after a hibernation of 15 years with a powerful story endowed with his rich experiences.

Introducing the novel to the select gathering, well knownKannada critic Dr. G.H. Nayak said that Chaduranga had adopted a new technique in presenting the story. Although the story was naratted with full of human compassion, it looked as though the intellectual fervour had not found deep roots in it. Another critic, Sri D.A Shankar also spoke.

Noted Kannada novelist Ta. Ra. Subba Rao regretted that the attitude of looking everything on caste considerations had spread to the literary field also. This evil had to be removed if Kannada literature had to grow further on sound lines.

Dr. M Gopala Krishna Adiga, who presided; expressed the hope that Chaduranga, who has produced a novel after 15 years, would not stop there. He hoped that he would bring out a few more books.

On behalf of "Madhyama", which had organised the function, Smt. C. Sarvamangala welcomed the gathering.

Infinite Nature Of God Explained

Mysore, April 22

Our ancient Rishis and seers have extolled God as Anantha (Infinite or Endless). Though apparently incredible, this can be strictly established by rigorous mathematical methods to the satisfaction of the modern scientifically minded persons, said Prof. M. V. Jambunathan, retired Professor of Statistics while speaking at the Sarvabhasha Saraswathi Sangha here.

There is an Upanishadic saying which looks rather enigmatic: "Poornamadah, Poornamidam; Poornath - Poornamudichyathe; Poornasya Poornamadaya Poornamevavasishyathe"; which means: "That is Poorna or Entire; this is Poorna: out of Poorna emerges Poorna; when Poorna is taken away from Poorna, what remains is Poorna" he said.

Consider the set of Natural Numbers 1,2,3,4,5,— which form a never ending or Infinite Set or Poorna. If the odd Numbers 1,3, 5, — which form an Infinite Set or Poorna be taken away, what remains is the Infinite Set 2,4,6,- or Poorna. In Mathematical parlance this means Infinity minus Infinity is Infinity, and in the Upanishadic Inaguage this can be "rendered into the statment - When Poorna is taken away from Poorna, what remains is Poorna", said Prof. Jambunathan.

Sri R. Krishnaswamy, retired High School Head Master proposed a vote of thanks.

2 HURT AS COP OPENS FIRE

Incident In Saraswthipuram

Mysore, April 23

Two persons were seriously injured and a stray dog was killed when a constable of the Mounted Company opened fire with his .303 rifle in Saraswathipuram limits in the early hours today.

The two injured persons, Smt. Ankamma (45) and Sri Gopal (25), have been admitted to the K.R. Hospital. An emergency operation is expected to be conducted on Sri Gopal, whose condition is precarious, for the removal of the bullet.

According to Police Superintendent L. Revannasiddaiah, the constable, T. Rudrappa, had ill-will against his neighbour Lakshmiah, both residing in Saraswathipuram, regarding a house site.

While Rudrappa and his father claimed that the land measuring about one and a half gunta belonged to them, Lakshmiah had taken up construction of his house on the site with police protection, stating that the site had been allotted to him by the City Improvement Trust Board after acquisition. Lakshmiah was to put the RCC roofing today.

The constable who was on telephone sentry duty last night returned to Saraswathipuram around 4 a.m. with a .303 rifle and ammunition. With the intention of taking revenge against Lakshmiah, he opened fire with his rifle. Gopal, brother-in-law of Lakshmiah, and also Ankamma, a neighbour of Lakshmiah, were injured.

Then Rudrappa opened fire in a helter skelter manner and a bullet hit a stray dog killing it instantaneously. Another bullet pierced through the window glass of another house, where some Iranian students are residing, and hit the woodden door. The cook, Ganesha, who was sleeping there had a miraculous escape. Bullet marks were to be seen all around the vicinity. The constable has fired not less than a dozen rounds and three persons escaped from being hit by the bullets, said the police.

Saraswathipuram Police, who rushed to the spot, arrested the constable and seized the rifle and ammunition. Further investigation is going on.

Ammunition has also been recovered from the constable's house, it is learnt.

DIG S N.S. Murthy and SP Revannasiddaiah visited the spot.

Naturopathy College At B'lore

Mysore, April 27

Health Minister A. K. Abdul Samad said yesterday that the Government intended to start a Naturopathy Centre and College in Bangalore. If suitable land was available soon, it would be started from this year alone.

Participating in the first anniversary of the Ayurvedic monthly, "Vaidyatharangini", he said that the Government had the intention of setting up a National Institute of Ayurveda. But even before Karnataka could do it, Rajasthan Government had started a similar institute at Jaipur. Hence, the Union Government giving permission for starting another such institute at present was doubtful.

Assuring that the State Government would give all encouragement to the Indian Systems of Medicine, which he said had been renamed as "Traditional Systems of Medicines", following the advise of the Centre, Sri Samad said that a number of posts had already been filled up by the Government. If suitable person wss found, he would be appointed as the Director. Since no such person was available, the Director of Health had been made the in-charge Director of the Department. He was also aware that theAyurveda Colleges were ill-equipped and the buildings were in shabby condition.

He called upon Ayurveda practitioners to practice 'Shuddha' Ayurveda and not to mix up Ayurveda with allopathy as done by a number of practitioners at present.

Sri Agaram, Rangiah, Editor, Sadhvi, appealed to the Minister to appoint a full-time Director to the Department and also fill up the various posts remaining vacant for a long time.

WORKSHOP ON HANDICAPPED BEGINS

Mysore, April 28

The importance of early detection and intervention in case of mentally retarded children was underlined by Dr. R. M. Varma, noted neuro surgeon and Professor Emeritus, NIMHANS, here on Monday.

Inaugurating the five-day first combined ARC Pre-Congress Workshop on analysis and development communication skills in the mentally handicapped, under the auspices of the All India Institute of Speech and Hearing, Dr. Varma regretted that the area had not received enough attention.

Releasing the souvenir, Dr. C. C. Kieranan of Thomas Coram Research Centre, England, said that a handicapped child had a right to be educated and live independently. The child should be allowed to develop his individuality.

Vice-Chancellor K. S. Hegde presided over the function. Institute Director Dr. N. Rathna welcomed the gathering. Dr. Bharthraj proposed a vote of thanks.

He said a section of the autorickshaw drivers had gone on strike from last evening as a protest against the police action against two autorickshaw drivers who misbehaved with him on Monday.

Sri Revannasiddaiah said that while he was returning on horseback on New Sayaji Rao Road on Monday around 8 a.m., he saw an autorickshaw with two drivers in the front seat and two passengers in the back. He stopped the vehicle to check it and the driver gave rude replies to his queries.

The two drivers, Ahmed and Mukhtar Pasha, were arrested and produced before the court where they were fined Rs 150 and Rs 160. The owner, who allegedly came to the Police Station and misbehaved was also arrested and he has contested the case, the SP said.

Protesting the action of the police, the autorickshaw drivers went on strike. They are continuing their strike today also.

Mysore, May 6

Srirangapatna was feeling the need for a music association. Under the leadership of Sri Govinde Gowda,the Station Master, Vid. Varadarajiengar and Vid. Ramaiyer and members of the Sri Ranganatha Temple, an association was formed and it arranged the first performance in the temple, opposite Lord Ranganatha on May 3.

The performers in that day's programme wereVid. Belakavadi Rangasamiengar (vocal), Vid. Nagaraj of Mysore. AIR (violin), Vid. B.R. Sridhar (mridangam) and Vid. M. A. Krishnamurthi of AIR (ghatam).

Starting with "Pahi Sri Pathe" in Hamsadhwani, and after singing a few songs briskly, the vocalist took up "Raju Vedale" in Thodi,the krithi of Thyagaraja on Ranganatha. He did this in detail with Nerval and Swara Kalpana.

Sri Nagaraj gave good support on the violin and Sri Krishna Murthy on ghatam. Vid. B. R. Sridhar, a promising young man and son of the vocalist, did well on mridangam. His percussion was clear in the variations and combinations.

Sri K T. Ramaswamiengar and Sri K. S Rangappa thanked the musicians and all the concerned for the delightful performance and said that music started in temples as prayer in praise of God. It was befitting that the RanganathaTemple was selected for the occasion as it was to the Lord that people had to sing in Bhakti.

Jobless Teachers' Demands

Mysore, May 7

The Mysore District Primary School Unemployed Teachers' Association has complained of irregularities in the recent order issued by the Government for recruitment of primary school teachers.

Association President M. N. Mahadeva and General Secretary S. N. Keerthikumar said yesterday that the order had fixed the age for recruitment between 29 and 40 depriving chances to those who were below 29.

Betel Leaf Growers Protest

Mysore, May 8

Frustrated over their repeated attempts to secure compensation and house site for the lands they had lost two and half years ago, about 50 betel leaf growers of Vidyaranyapuram today lodged a strong protest with City Improvement Trust Board Chairman B. R. Prabhakar.

Sri Prabhakar and CITB Secretary Nataraj had to face the wrath of these Harijans, when they, along with other officials and pressmen came out of the CITB office, after a press conference.

The displaced persons began shouting and one of their leaders began blaming the officers for not taking any interest in settling their problem.

They had made several representations and were going from pillar to post to see that the assurances given by the officials at the time of the acquisition of their betel leaf gardens were fulfilled. But they and their families continued to suffer due to utter indifference of the concerned officials, they complained.

They later told newsmen that they had hoped that at least the Board meeting this morning would take a decision, as assured by the officers earlier. But nothing seemed to have been decided at the meeting.

Open Rift In Block Cong-I Committee

Mysore, May 14

There is a clear rift among the members and office bearers of the Narasimharaja Block Congress (I) Committee.

The rift has surfaced following a reported emergency meeting of the Block Committee on last Saturday which took a decision to expel the Committee President, Sri N. G. Kareem, for his alleged anti-party activities.

According to a press note issued by the Committee General Secretary, Sri Amanulla Khan, the meeting had authorised its Vice-President, Haji Nisar Ahmed Khan, to act as President till the party High Command appointed a new President.

The action taken by the committee has already been strongly criticised by Sri Syed Usman, General Secretary of the District Congress (I) Committee Minority Cell, as already reported in these columns yesterday.

Now, the N. R. Block Congress (I) Committee General Secretary himself has come out with an open statement describing the May 9 meeting as "illegal and contradictory to the party constitution" as it was attended only by 'three members.'

Sri E.B. D'Souza, the General Secretary, said in a statement yesterday that as the Block Congress-I Committee was ad hoc in nature only the KPCC (I) had the power to expel the Committee President.

An emergency meeting held yesterday under his presidentship had resolved to ask the DCC (I) and the KPCC (I) to expel the conveners and members who attended the May 9 meeting, Sri D'Souza said.

He claimed that Sri Kareem was still the President of the Block Congses (I) Committee.

The one day match would be limited to 45 overs and leading Test cricketers including G. R. Viswanth, Bedi, Venkataraghavan, Vengsarkar. Chetan Chauhan, Gaekwad, Kirmani, Ravi Sastry, B. S. Chandrashekhar, Roger Binny and others would be participating, he said.

Karim Expulsion Irregular

SHOW CAUSE NOTICE TO KHAN

Mysore, May 15

The expulsion of Sri N. G. Karim, N.R. Block Congress (I) Committee President, by Sri Amanulla Khan, Block Committee General Secretary and others, is highly irregular and unconstitutional, Sri K. Javare Gowda, DCC (I) President, said here today.

In a press statement, he said a direction by the KPCC (I) President had been received holding the expulsion of Sri Karim "irregular". In view of this, Sri Karim remained the legal President of the Block Committee.

Sri Javare Gowda added that a show-cause notice had been issued by the KPCC (I) President asking him why disciplinary action should not be taken against him for his "high-handed activities".

Further, Sri Gowda warned that as per the KPCC (I) direction strict action would be taken in future against those who go to the press.

Call To Stabilise Pepper Prices

Mysore, May 18

Finance Minister Veerappa Moily called upon the pepper producing nations here today to stabilise the prices of pepper in the international market in order to maintain the tempo of production.

Inaugurating the fifth meeting of the permanent panel on techno-economic studies of the International Pepper Community at the Central Food Technological Research Institute, he said that the pepper prices were either stagnant or were declining in the international market. Fluctuating fortunes of the international currency had also adversely affected the pepper trade.

He said it was high time the countries developed new markets and new uses of pepper. Pepper oil and oleoresins were important by-products which needed to be exploited fully.

In his speech, Sri Khurseed Alam Khan, Minister of State for Commerce, which was read out in the absence of the Minister, expressed his concern over the alarming decline in the international prices of pepper and expressed the hope that the experts would give serious attention to this specific issue and consider the fixing of common floor prices, below which none of the member countries should sell their pepper.

In his welcome address, Sri L. N. Saklani, Executive Director of the International PepperCommunity, stressed the need for having a minimum export price for pepper. Sri Mahendran, Malasian delegate, proposed a vote of thanks.

MORE TYRES FROM VIKRANT

Completes One Year

Mysore, May 20

The Vikrant Tyres, which started production of tyres exactly a year ago, has approached the Government of India for increasing its production to one million units per annum, Factory Technical Director W. S. Rajadhyaksha told newsmen yesterday.

At an informal get together to mark the first anniversary, he said that Vikrant Tyres already had a letter of intent to increase its capacity to 7.5 lakh units per annum.

It also proposed to produce radial tyres suitable for Indian conditions in limited quantities. Since it was the only State-managed tyre unit, it had also planned to establish self-sufficiency in research and development.

He said present installed capacity was four lakh units per annum. Within one year they had progressively reached more than 75 per cent capacity utilisation. Over two lakh tyres were now on the road.

They hoped to reach 100 per cent capacity and also implement additional capacity to reach five lakh units per annum within the next 3—4 months. A consortium of banks had also agreed to release more working capital, Sri Rajadhyaksha said.

Vikrant Tyres had received good acceptance in the market within a short time, he said and added that the factory looked forward to achieve better results and performance in the coming years.

The pressmen were also taken round the factory this morning. Technical Director Rajadhyaksha, Company Secretary Subramanyam, Marketing Director Gopalan and Public Relations Officer Nagaraj explained the progress achieved during the previous year.

READERS FORUM

RATIONING OFFICE

Sir, - The Rationing Section of the Deputy Commissioner's Office has been closed for public from 10-30 a. m. to 3 p.m. on the ground that the public are disturbing the case workers while they are engaged in the discharge of their duty.

But, if one goes there and observes he can see that this practice is not followed strictly. People are allowed into the office on 'cosiderations' during these hours.

As this practice is beneficial to the staff very much, they are helpful to those who meet them during these restricted hours. But to those who come afterwards they do not show the same enthusiasm as they know that any service rendered to the public after 3 p.m. is not 'profitable' to them. Many a times papers are kept intentionally pending.

I request the concerned authorities to inspect in detail the pending papers. Action should also be taken to end this discrimination.

VARSITY ORDERS DPTL. ENQUIRY

ASSAULT CASE ECHO

Mysore, May 28

Prof. L. N. Chakravarthy, Principal of Yuvaraja's College, has been appointed as the enquiry officer to conduct a departmental enquiry into an incident which reportedly took place in the premises of the Department of Secretarial Practice in the Maharaja's College, on April 21.

It may be recalled that an outsider, allegedly working in the house of a lady lecturer in Secretarial Practice, Smt. Sarala Kumari, had allegedly made a murderous attempt on the students of the Department with a butcher's knife.

The attempt would have been successful but for the reported timely intervention of Sri K.S. Narayana Rao, Managing Director of the Mysore University Co-operating Bank.

About 50 students of the Maharaja's College, including those of the Department of Secretarial Practice, had made a representation to the Vice-Chancellor a few days ago expressing their concern over the reported attempt to hush up the case. They had also expressed their surprise over the failure of the University authorities and the police to take action against the lady lecturer, allegedly involved in the incident.

They had warned that if the concerned lady lecturer was not "punished", a series of unpleasant incidents might arise.

The copies of the representation had been sent to the Chief Minister, Education Minister, Union Home Minister, IGP and DIG of Police.

The issue is likely to figure in the Academic Council tomorrow.
